

## Farm Bureau Sets Meeting on Possible Cotton Allotment Cut

"Cotton Farmers of Jones County face the real possibility of a cut in allotted acreage up to fifty per cent of present levels," according to Newman West, president of Jones County Farm Bureau.

West announced that a county wide meeting of farmers, professional men and business men has been scheduled for Tuesday evening, March 16, at the Anson High School Cafeteria at 7:30 to explain the possibility.

The meeting will be sponsored by the Farm Bureau to

inform all segments of the economy of this possible change in the cotton program.

Brad Rowland, ASCS office manager, will explain the possibility of the elimination of the "skip row" planting arrangements now being followed in this and surrounding counties.

Bill Wedemeyer, Education & Research Director of Texas Farm Bureau, will give a review of present and pending legislation that include some recommendations of a national reduction from 16 million acres to as low as 8 million acres. This would mean a fifty per cent reduction in addition to the reduction now pending by elimination of the "skip row".

"Every citizen of Jones County has a vital interest in this danger to cotton production which would adversely affect the economy of our county," West said.

## Tickets on Sale To 'Oklahoma'

Remember "Oh, What a Beautiful Morning," "The Surrey With the Fringe on Top" and "People Will Say We're in Love"? These and many other wonderful songs will be featured when the Abilene Philharmonic presents Rodgers and Hammerstein's marvelous musical "Oklahoma" Saturday, March 13.

Two public performances have been planned for that date as a benefit for the Philharmonic. The matinee will begin at 2 p. m. and the evening performance at 8:15 p. m. Both shows will be presented at Abilene High School auditorium. Philharmonic members will get a preview of the show at the regular subscription concert Friday night, March 12.

Ticket prices are arranged as follows: matinee, \$1.00 for students and \$2.00 for adults, with no reserved seats; evening, \$3.00, \$2.25 and \$1.50, with seats reserved by sections.

A top-notch cast has been assembled, with artists from Abilene, Dyess AFB, the local colleges and area towns. The entire production is being designed and directed by Lewis Fulks, associate professor of speech at Abilene Christian College. Musical director is Leo Scheer, Music Director-Conductor of the Abilene Philharmonic Association.

Persons wishing to purchase tickets for either of the public performances may write the Abilene Philharmonic, 712 Mims Building, Abilene, of telephone OR 4-6710.

**GETTING IN PRACTICE**—Members of the Hamlin Lions Club got in a little practice time Monday in turning pancakes as they start getting ready for their annual Pancake Supper Friday night. Lions at the grill are left to right, Bob Craig, president; Donley Williams, head cook; Ellis West, project chairman; and B. V. Newberry. The club will serve "all you can eat" starting at 5:30.

## County Commissioners Purchase Two Cars for Sheriff's Dept.

Middlebrook Ford Sales of Anson submitted the low bid on two new cars for the Jones County Sheriff's department at a bid opening held by the commissioners court Monday. There were six bidders.

Being traded in are two 1963 Chevrolets, one of which is a six cylinder and the other and eight. Middlebrooks bid was for \$1,724 difference on the two cars.

Bids from other dealers were as follows: Lawrence Hall Chevrolet Co., Anson: \$1,049 difference on each of the two cars. Trail Chevrolet Co., Stamford: \$1,365 difference on each of the two cars.

Cobb Ford Sales, Stamford: \$985 difference on each car. McMahon Motor Company, Stamford: Catalina Pontiac: \$1,863.37 difference where eight-cylinder traded in, and \$1,663.37 on six-cylinder. Same company, on an Oldsmobile F85: \$1,582.32 on the V8, and \$1,382.32 on the six.

Prewitt Motor Company, Hamlin, on Plymouths: Two cars, \$2,987.48.

All cars were priced without tires. The county can buy tires at a low price under state contract.

The commissioners also approved deputies in the tax office and in the sheriff's department. No action was taken on naming a successor to the county veterans land committee, succeeding Elzy Bennett, who resigned. Clinton Bowers and Kirby Clayton are the other two members.

The court also approved final contract with First National Bank of Anson as county depository, and heard a report from John Sosebee, Anson insurance man, on the county's insurance on the courthouse.

Earlier in the year, the county had been informed that the building had been reclassified as "brick building" which would have meant a higher insurance rate. This classification, Mr. Sosebee said, has been changed to semi-fire resistant.

Under the revised classification, the rate for \$1000 insurance for five years will be \$2.52 as compared to the previous rate of \$5.30. The old contract, however, called for fifty per cent co-insurance while the new will be on an 80 per cent basis.

The commissioners talked briefly as to what the insurable value might be and a figure in the neighborhood of \$400,000 was mentioned. Mr. Sosebee said an accepted formula was that building costs today are about six times what they were when the building was built in 1910, minus depreciation.

Formerly, the county carried \$272,000 in insurance.

County Judge Leon Thurman reported that everything was in readiness for letting contract on Highway 277.

## Rattlesnake Hunt Set in Strawn

A Rattlesnake Roundup will be held in Strawn Saturday and Sunday, sponsored by the American Legion of Strawn. Bill Ransberger of Sweetwater, noted snake authority, will engineer the demonstrations and safety precautions during the hunt. Shelly Downs of Florida will milk the snakes for the public. Demonstrations begin Saturday at 9 a. m.

Cash prizes of \$150.00 will be awarded during the two day hunt for hunters who present their catches to the judges.

Registration begins at 1 p. m. Friday and continues through 11 a. m. Sunday. The registration fee is \$1 per hunter.

## On Honor Roll

Ann Bryant and Janis Lain were among the 68 students listed as maintaining a grade average of B-plus at Hardin-Simmons University. The honor roll for the 1964 fall semester was released by Mrs. Madge Grba, registrar.

Mr. and Mrs. L. E. Prewitt were in Stamford Sunday for the Golden Wedding celebration of his parents' 50th anniversary of their wedding. The open house was in the home of Mr. and Mrs. D. E. Prewitt and hosted by the couple's five sons and a daughter and their families.

## Annual Pancake Supper To Be Held Friday Night

Final plans are taking shape for the annual Lions Club Pancake Supper to be held Friday evening in the High School Cafeteria, according to Ellis West, chairman.

Tickets for the "all-you-can-eat" affair were going briskly according to West and he is expecting a good turnout. The club will start serving at 5:30 and will close by 7:30 in order for everyone to attend the Senior Class Play in the auditorium.

Advance ticket sales are also being handled by the Boy Scouts.

A highlight of the evening again this year will be a cake and pie auction to be held during the supper. Club officials reported that this feature met with such good response last year that it would be conducted again this year.

Work committees for the event were announced this week by West. They will be: Pie and Cake sale — L. H. McBride, chairman, and

Henry Albritton; Pancake cooks — Donley Williams, chairman, Lloyd Burkhardt, W. T. Johnson, and George Campbell; Waiting tables — Lester Minton, chairman, Robert Fowler, Edgar Duncan, Claude Lancaster, B. V. Newberry, Ted Seay, Fred Smith, Bill Harbert, Paul Cooper, Rev. Royce Womack, A. L. Gamble, and Don Bradshaw; dishwashing — Arlie Cassle, chairman, Haskell Carter, Bill Davis, J. D. Josey, Jerry Wil-

liams, J. O. Murphree; bacon frying, Ellis West, chairman, and Leldon Clifton; tickets, Ray Sonnenburg, chairman, and Bob Craig.

Tickets for the supper will be 75 cents for adults and 50 cents for children under 12.

Proceeds of the supper will be used by the club in their community service work which includes buying glasses for the needy, sponsoring Boy Scout Troop 43 and other projects.

## Pipers Place Fifth at Blizzard Relays Saturday in Winters

The Pied Pipers placed fifth with 59 1-2 points at the Blizzard Relays held in Winters Saturday afternoon. Winters racked up 149 points to take top honors. They were followed by Coahoma, Fredericksburg and Ballinger.

Mike Shivers won the only first place ribbon for the Pipers with a 5 feet 6 inch high jump. Larry Simpson took second in this event.

Allen Cumbie placed fifth in the pole vault for Hamlin.

Robert Pearce jumped 20.4 feet to place third in the broad jump.

Hamlin's 440 yard relay team of Shivers, Pearce, Cumbie and Phillip Simpson placed second.

Shivers placed fourth and Pearce fifth in the 100-yard dash.

Cumbie ran the 220-yard dash in 22.5 to set a new Hamlin High School record, but it was good for only third place in the Winters meet.

Danny Contreiras placed fourth in the mile run.

The Hamlin relay team of Cumbie, Shivers, Larry Brady

and Tommy Ferguson took fifth place in the mile relay.

The Pipers will enter the Possum Kingdom relays this week end and will go to Coleman the following week end. They will compete in the Ranger Relays April 3 and the district meet will be held in Sweetwater April 10.

## First Methodist To Host Banquet Here Saturday

The First Methodist Church will be host for the Torch-bearer Sub-district Methodist Youth Fellowship Banquet here Saturday evening in the Fellowship Hall.

Gary Cauble, sub-district president, will be the master of ceremonies. Jimmy Hawkins will give the welcome. Both boys are from the host church.

An estimated 100 M. Y. F. members, adult leaders and guests are expected. The churches making up the sub-district are First and Faith Methodist Churches here, and Methodist churches in Aspermont, Jayton, Longworth, Roby and Rotan.

Charles Wiggins, student at McMurry College, Abilene, will be in charge of the program.

Rev. Howard Quiett, adult counselor for the sub-district, will give the invocation.

Others who have been invited to attend are Rev. J. V. Patterson of Haskell, district youth director, and Dr. Hubert Bratcher of Stamford, district superintendent.

## Dates Changed for County 4-H Fun Festival to April 6

The Jones County 4-H Fun Festival will be held in The Anson High School Auditorium at 7:30 p. m. on Tuesday night April 6, according to word this week from Jones County Extension Agents, Mary Y. Newberry and Kirby Clayton.

The Festival was originally scheduled for March 30, but had to be changed because of conflict.

## Two Trustees Unopposed

Only two names will appear on the ballot when voters go to the polls April 3 to elect trustees to the Hamlin Independent School District Board of Trustees.

Seeking reelection are Richard Young Jr. and Joe Hudspeth. Deadline for filing was Thursday, Mar. 4.

## Hamlin Club Launches Drive To Elect McBride Governor

The Hamlin Lions Club opened their drive to elect L. H. McBride, local business man and club member, to the office of District Governor of Lions District 2E-1, according to Bob Craig, Club President.

Members of the local club visited Eastland and Breckenridge last week and Abilene Elmwood West Monday morning of this week to open their visitation of as many of the 53 clubs in the district as possible.

The District will meet in Abilene April 30 and May 1 to elect a new governor for the coming year. At the present time McBride is unopposed in his bid for this office.

McBride has been a member of the Hamlin Lions Club for over 25 years and is a past president of the club. He has been very active on the district level, serving in each of the offices leading up to the District Governor's office. He is currently serving as a director of the Lions Crippled Children's Camp at Kerrville.

McBride has served as a member and chairman of the Hamlin School Board, president of the Chamber of Com-

L. H. McBRIDE seeks Lion office

merce and as Mayor of Hamlin.

He has retired from the cotton business with which he was connected for 35 years. He owns a advertising clock manufacturing firm located in Hamlin.

He is active in the First Methodist Church here and serves as district Lay Leader

and district Trustee. He is a member of the Board of Trustees of McMurry College and a member of the Board of Directors of the Federal Land Bank Association.

James P. McCracken of Cisco is serving as District Governor of this district at the present time.

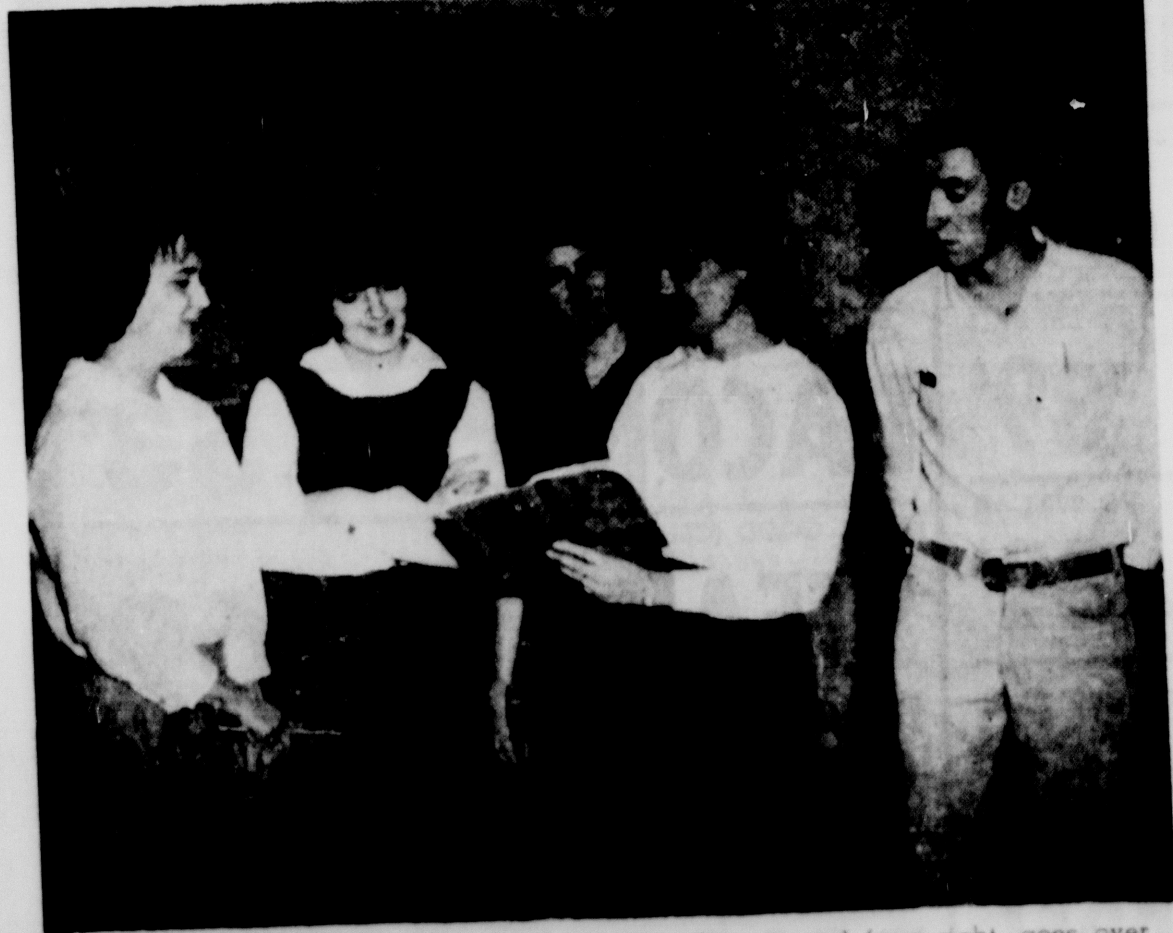

## Youth-Led Revival Set by Central Avenue Baptists

A youth-led revival will be held at Central Avenue Baptist Church, March 19-21 with services at 7:30 p. m. each evening.

Students of Hardin-Simmons University, Abilene, will be conducting the services. Dean Allen will be preaching and the devotionals will be led by Donny Linscott. Marvin Williams will be the song leader with Sue Willis as special soloist and Kietha Walton as pianist.

The young people will be staying in the homes of church members during the revival.

Everyone is invited to attend the services.

**CURTAIN TIME 7:30 FRIDAY**—Mrs. Dewey Nunley, second from right, goes over the script of "Money Mad," a three act play to be presented by the Senior Class Friday night, with some members of the cast. Mrs. Nunley is directing the play that will be held in the high school auditorium at 7:30. Seniors working with Mrs. Nunley are left to right: Mary Ann Elkins, Shristy Wallace, Elizabeth Cunningham and Gaylon Moore.

# OLD GLORY...

By Judy White  
Most of the high school boys, the high school men teachers, and several other local men attended the State Boys' Basketball playoffs in Austin last week end. They left Old Glory early Friday morning and returned on Sunday.

Next weekend approximately twelve high school girls and their sponsors plan to attend the Girls Basketball Meet in Austin.

Those from Old Glory who attended the District VII State Teachers Association Meeting at Vernon last Friday were, J. L. South, Mrs. Travis Bell, Mrs. Burel Jamieson, Mrs. Cecil Klump and Betty Sadberry.

Mr. South also attended the Delegates' dinner meeting on Thursday night.

School was dismissed on Friday to allow the teachers to attend this meeting.

Linda Gholson attended the second annual Vocational-Guidance Clinic held at Texas Lutheran College in Seguin Saturday March 6. The Clinic was sponsored by the Southern District Brotherhood of the American Lutheran

Church. Key representatives of 14 occupational areas assisted high school students in career planning.

Several people from Old Glory community entered the hospital last week because of illness. They are Mrs. Lynn Flowers, Mrs. H. E. Carr and Edwin Vrazlik.

We wish all of them a very speedy recovery.

Mrs. Tillie Dippel, Mrs. Katie Gerloff, Mrs. Bernice D. White and Judy were in Wichita Falls last Saturday.

Mrs. Adele Dudensing is in Abilene this week with her daughter and family, the Charles Goddards.

Mrs. Pauline Fuqua of Stamford was here last Sunday visiting her sister, Mrs. Katie Gerloff.

Mrs. Donald Boles was honored with a pink and blue shower on Monday, March 1, in the home of Mrs. Herbert Vahlenkamp. Senior girls and several other ladies and girls in the community were hostesses.

The Old Glory Junior Community 4-H Club met on March 2 after school. Russell Letz led the pledge, prayer,

and motto. Mr. Hennig led the discussion of spring activities and gave a list of dates. Weldon Spitzer and Steve Letz served refreshments. The next meeting date will be on March 30th.

Regina Letz, Reporter The Senior 4-H Club met in the study hall Wednesday after school. Nancy Vahlenkamp, president of the club, presided at the meeting. Stephanie Letz led the club Motto, Pledge and Prayer. The group discussed forthcoming 4-H activities.

Important dates to remember are as follows:

April 10 — County Electric Show at Aspermont.

April 12 — County Talent Show at Aspermont.

May 8 — District Contests at Wichita Falls.

May 20 — Girls Fair at Aspermont.

May 21 — Poultry Show at Aspermont.

June 1-2 — State Roundup at A&M.

Judy White attended the spring meeting of the District 3 4-H Council in Iowa Park on Saturday, March 6. Marvin Vahlenkamp and Judy are council delegates from Stone-wall County.

Business at the meeting included the selection of a man

## Only 223 Screwworm Cases Reported in Texas Last Year

Only 223 screwworm cases were reported in Texas during 1964, according to word this week from Jones County Agent, Kirby Clayton. Of the 254 Counties in Texas, 189 had no screwworm infestations in 1964.

When the program started in 1962, 50,000 cases were reported and entomologist feel that this represents only 10 percent of the infestation, says Clayton. Confirmed samples during 1964 were down 95.5 percent from 1962. There were 12 non-infested counties in 1962 and 72 in 1963. There was only one case reported in Texas in December 1964, which compares with 43 cases in December 1963 and 1068 the same month in 1962.

Since the program began in 1962, over 12 billion sterile flies have been released by 21 aircraft which were airborne more than 18,000 hours, traveling 9.3 millions miles or rough-

and woman who had contributed to 4-H work on a district basis, district camp, God Star event and other business.

## Texas Opossums Taking Part In Colorado Leukemia Research

TYLER. — Patriotic Texas opossums are again contributing their annual bit to vital leukemia research pursued for several years at the University of Colorado Medical Center in Denver, according to Parks and Wildlife Department officials.

For ten years, female opossums, Texas variety, have provided the backbone for the precious studies which medical science hopes will ultimately lead to control of the mysterious blood disease, according to Dr. Matthew Block of the Denver school staff.

Texas participation in the effort had major significance from the beginning since a brilliant young department biologist was stricken fatally with leukemia.

In the routine of collecting the animal specimens, time has been the major item. Only pregnant females are acceptable, so high speed shipment is necessary because of the opossum's short gestation pe-

riod. At first, the USAF provided training missions to rush the specimens from Texas to Denver, with many a caged furry creature getting the VIP treatment in a spare fighter-pilot seat.

Now, the demand has grown to about 300 each winter so regular air freight has been found adequate.

Key men in the 1965 version of "Operation Pregnant Possum" are Game Wardens Hill Lawrence of Paris and John Jackson of Sulphur Springs. 5, 1965 and see Democracy in They recruit volunteer trap-

pers as part of their regular public relations contact duties. Under Texas law, opossums may not actually be bought, but the University is permitted to pay part of the transportation involved in delivering the animals to the wardens, or about \$1 each. The specimens are then sent COD to Denver.

Today's public schools teach more than the three R's, but the job of the school remains virtually the same. It is a basic institution in this great and free country. It teaches your children about the benefits of our way of life. It teaches them to enjoy and appreciate freedom. Visit a public school during Public Schools Week, March 1 through March 5, 1965 and see Democracy in Action.

## STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN, Tex. — If you want to sit in on the committee hearing for the bill which would legalize the sale of miniature bottles of liquor in restaurants, you better come early.

That's what Sen. Jim Bates of Edinburg, sponsor of the bill in the upper house, is saying. He expects as many as 3,000 persons will be at the Capitol to testify or to listen when the bill comes up before the Senate Committee on Jurisprudence at 2 p. m., Tuesday, March 16.

Bill would allow establishments where at least half of the monthly business is for meals to get a state license for the sale of 2-oz. bottles of liquor, enough for a single cocktail.

There's organized support on both sides. The line-up: — In favor, the Texas Restaurant Association, which

hopes the bill will permit its members to meet the competition of private clubs, which increasingly are getting the restaurant business from people who like a drink before dinner.

— Opposed, church groups which generally are against any liberalization of liquor regulations and a strange bed-fellow, the Texas Package Stores Association, which contends the bill as written would prevent liquor stores from continuing to sell beer.

The Texas Package Stores Association also believes the same section it opposes would prohibit restaurants from selling beer and wine if they sold miniatures.

A hearing is yet to be scheduled on the House version of the bill by Rep. Willis Whatley of Houston.

NEW BRILLIANCE  
FOR THE STUDENT

... with the TENSOR STUDENT LAMP, a rugged, all-metal high-intensity lamp designed specifically for student use. This mite-sized lamp weighs only 2 pounds, takes up less than six square inches on a crowded desk, yet produces a powerful, glare-free light of sun-like brilliance.

Key to its amazing performance is the Tensor-engineered transformer that steps down the voltage of a standard AC socket, steps up light intensity to the equivalent of a 100-watt conventional desk lamp.

The Tensor Student Lamp provides the perfect light for reading, for desk use at home or in the dormitory, for library work, for microscope illumination, for drafting, for dissecting, for specimen study, for model construction. It makes those last-minute cram sessions a lot easier on the eyes, too.

The lamp's flexible gooseneck arm and swivel reflector let you direct the light precisely where you want it. Yet it's practically tip-proof, thanks to its weighted base. It's good looking, too, with its neutral gray wrinkle finish and chrome gooseneck.

So brighten things for the student prince (or princess) in your family by getting him a Tensor Student Lamp. You'll find it encourages good reading and study habits. Warning: if there are more than one student in your household, better get a Tensor Student Lamp for each. People become very attached to their Tensors, don't surrender them easily.

Tensor Student Lamp: \$995

CONGRESSIONAL REDISTRICTING — Texas Republicans, whose lawsuit resulted in present congressional districts being invalidated, have offered their version of how the lines should be redrawn. Plan is embodied in a bill sponsored by Rep. Frank Cahoon of Midland, only Republican in the 59th Legislature.

The GOP product satisfies many objections raised to others introduced so far, since it disturbs fewer incumbents than any plan to date.

Only U. S. Reps. Graham Purcell of Wichita Falls and Omar Burleson of Anson would be facing each other as opponents in a newly-created Congressional District 13, and U. S. Reps. John Dowdy of Athens and Lindley Beckworth of Gladewater, in a newly-defined District 3.

Three new districts would be developed: A District 23, giving Harris County a third congressman; District 17, giving Bexar County and a group of South Texas Counties another representative; and District 7, giving Dallas County a second congressman. U. S. Rep. Joe Pool, who lives in District 7, but now is elected statewide, could thus retain a seat.

LAND PROGRAM RENEWAL PROPOSED — Voters will get another chance to say whether they want to continue the veterans land program under which thousands of Texas veterans have purchased farm property at low interest.

A proposed constitutional amendment to extend the program — first amendment cleared this session — was approved by the Senate and sent to the governor. Amendment will be voted on in November. Rep. Gus Mutscher of Brenham and Sen. Criss Cole of Houston are the sponsors.

SMALL LOAN HEARING — A housewife from Dallas told members of the House Committee on Banks and Banking that a \$50 loan, which she later decided she did not need in the first place, cost her \$1,500 over a three-year period by the time she went through renewals and additional loans to meet high interest rates.

She testified in a hearing on a bill by Rep. W. Reed Quilliam Jr. of Lubbock, which would reduce interest rates on loans \$100 or less by one-half to two-thirds.

An association of small loan companies appeared to oppose the bill. A citizens committee from Dallas and ex-Attorney Will Wilson favored it. The bill went to a sub-committee.

GUADALUPE PARK ASKED — Senate adopted a resolution by Sen. W. E. Snellson of Midland urging fast action by Congress to appropriate funds for buying land to create a Guadalupe Mountain National Park.

A federal agency has recommended that the park be created, and an area man has offered to sell 72,000 acres. Area contains the only stream in Texas where mountain trout thrive and is stocked with bear, mountain lion, elk, bighorn sheep, deer, turkey and a great variety of birds.

INTEREST BILL UP AGAIN — Rep. James Nugent of Kerrville has reintroduced the a-

## Figures Show \$1,485 Deducted On Income Tax for Average Family

(Special to the Herald)  
NEW YORK — Residents of Jones County who are busy preparing their Federal income tax returns can tell how their personal deductions compare with the averages.

For their particular incomes, are they giving more or less to charity than most people? Are they incurring greater medical expenses or paying bigger local taxes than others are?

Answers to these questions come from the Commerce Clearing House, national authority on tax and business law, and from the Internal Revenue Service.

The CCH has drawn up a chart, based on the latest official figures, showing just how the average taxpayer in each income class deducts for contributions, interest, taxes and medical costs.

In any individual case, if such deductions are unusually high, the taxpayer may be called in to explain and substantiate his figures.

For families with earnings equal to the average in Jones County, a total of \$1,485, or 20.5 percent of gross income, is generally deducted, the reports show.

Where earnings are lower than those locally, the amounts that are deducted represent a larger portion of income. The reverse is true in the higher brackets.

The Government finds that taxes and interest are the biggest deductions among lower income groups. Nearly everyone who itemizes has deductions for local taxes as well as for gifts and contributions. But fewer than 60 percent list medical expenses because of limitations placed on such deductions.

The \$1,485 deduction that is

opposition at House Game and Fisheries Committee hearing, was sent to sub-committee.

House amended Senate-passed bill to require imported meat to be so labeled.

Final approval has been given a bill by Sen. Bruce Reagan of Corpus Christi, which adds milo maize seed and safflower to the list of products from which oleomargarine can be made and sold in Texas without payment of the 10 cents a pound tax.

State Treasurer Jesse James reports that revenue from cigarette tax stamps in February totaled \$5,600,000 or \$1,000,000 over February, 1964.

INTEGRATION COMPLIANCE NOTED — Texas Education Agency notified federal authorities of compliance with school integration requirements of Federal Civil Rights Act.

All but 160 of 1,350 Texas school districts also have agreed to comply, according to Dr. J. W. Edgar, state education commissioner.

Agreement is necessary to continue receiving \$40,000,000 in federal school aid.

Eight Texas school segregation laws now under court challenge, Edgar reported.

GUARD FORCES CUT — Texas National Guard forces will undergo reductions more drastic than anticipated under Guard-Army Reserve merger troop allocation plans announced by the Pentagon.

Maj. Gen. Thomas S. Bishop, state adjutant general, said Texas personnel will be reduced 4,645 from the 28,233 in the Guard and Reserves. And 155 of the present 367 existing units will be dropped if the proposal — still subject to negotiation — becomes final.

"This far exceeds the 25 per cent (reduction) that we were advised to expect," Bishop commented.

SHORT SNORTS — "Equal legal rights for women" received another setback in the House, where the proposed constitutional amendment mustered only 91 of needed 100 votes.

Texas Commission on Higher Education picked three junior colleges and 11 four-year institutions to receive \$12,000,000 in federal building aid.

Bill to place game and fish regulation in all 254 counties under Parks and Wildlife Commission ran into strong

For local families in other income ranges, average deductions are as follows: \$8,500 income, deduction of \$1,660; \$12,500 income, \$2,170; \$17,500 income, \$3,030.

The reports note that these are only guideline figures and do not mean that they are the amounts that would automatically be allowed by the Government. Deductions must be supportable by records.

Letter to Editor  
Dear Mr. Craig,  
We certainly want to renew our subscription to the paper. Thanks for letting us know. Since we are out here we can hardly wait for one to finish reading the paper. We wait anxiously for it.

Thank you

## YEARS AGO...

### FORTY-FIVE YEARS AGO

At the residence of Rev. Sam C. Vaughan, Saturday night, Jasper I. Davis and Della Smith were united in marriage.

Eva Lee Moore was a visitor in Sweetwater first of the week. She was accompanied home Wednesday by Ella Brand.

J. H. Townsend and Emily Kutach of Hamlin were very happily united in marriage on March 2.

Fire almost completely destroyed the F. W. Gattis home in Southwest Hamlin Thursday night.

### THIRTY-FIVE YEARS AGO

Mrs. J. L. Eakin, Mrs. Burns Eakin and Mrs. Forrest Boyd returned Sunday from Vernon, where they had been to visit Mrs. J. B. Eakin's brother, who is very ill.

Prentice Graham and wife of Wichita Falls visited their parents, Mr. and Mrs. W. S. Graham, Sunday and Monday. Charlie Myers returned Wednesday from a business trip to the Rio Grande Valley.

W. N. Temple was in Lamesa last week looking after his farm interests and visiting with his son, Earl Temple, and family.

### TWENTY-FIVE YEARS AGO

Mrs. C. Weidon Griggs, teacher in the Swedonia school, is leaving this week to join her husband at Dayton.

Bernice Whiteley and her father, J. F. Whiteley, were called to Brownwood Friday

to attend the funeral of Mrs. M. B. (Brox) Whiteley, who died Friday.

Mr. and Mrs. W. B. Weatherby of Kermit and Mr. and Mrs. W. W. Courtney and Mrs. S. R. Camfield of Pecos are here to be at the bedside of their mother, Mrs. G. R. Bates, who is ill with pneumonia.

### FIFTEEN YEARS AGO

Some \$1,170 had been raised in Hamlin community for the Red Cross membership drive, exceeding the \$1,000 goal, according to W. C. Rausel, fund chairman.

C. E. Ball Jr. of Hamlin, recent graduate of the University of Texas at Austin, has reported for duty with the Celotex Corporation at headquarters in Chicago, Illinois.

### TEN YEARS AGO

First segment of Hamlin residential street paving in Hamlin will be surfaced this week, according to Mayor Willard Jones.

Good interest in the schools of the Hamlin district is reflected in the current visitation program of Public School Week, according to Superintendent I. R. Huchingson.

Second candidate for a place on the city ticket went on Saturday an hour before closing time when Delma Shelburne filed for reelection. A Spencer previously had filed for reelection.

### FIVE YEARS AGO

Named President of the Hamlin Rotary Club for the new club year beginning July 1 was Dr. J. E. Harrison, dentist. He will succeed C. F. Cook. New officers were named last Wednesday at the regular luncheon meeting.

Blizzards and other weather fails to halt donation to the 1960 March of Dimes. More than \$1,000 was raised according to Marvin D. Carlton, drive chairman.

### Texas Grocers To Meet March 7-9

HOUSTON — Food Store Owners from across Texas will gather in Houston March 7-9 for the fifth annual Mid-Winter Conference of Texas Retail Grocers Association.

The three day meeting will deal with "Principles of Management" and will be conducted by James K. Henderson, assistant sales manager for the Houston Division of the Carnation Company.

Leslie L. Speir of Groves, president of the 6,000 member trade association, said grocers, their employees and representatives from allied food industries are expected to attend

## Seats Available for For Four of First Five Astro Games

There are still plenty of good seats remaining to four of the Houston Astros first six games in the Astrodome Stadium when the world's first indoor baseball games will be played. It was announced this week by Astros ticket manager Dick McDowell.

Ample box and reserved seats are still available for the following games: Saturday, April 10 - 1:30 p. m. - Astros vs. Baltimore Orioles, Sunday, April 11 - 1:30 p. m. - Astros vs. New York Yankees, Sunday, April 11 - 7:30 p. m. - Astros vs. Baltimore Orioles, Monday, April 12 - 7:30 p. m. - Astros vs. Philadelphia Phillies in the official National League opener.

Fans may order tickets to the Astrodome opening games by sending check or money order to: Tickets, Houston Astros, P. O. Box 1691, Houston, Texas 77001, or they can order tickets in person at the Colt Stadium ticket office Monday through Sunday from 9:00 a. m. to 5:00 p. m. Fans ordering by mail should specify type of seat (box at \$3.50 per seat or reserved at \$2.50 per seat,) date and time of game, location desired — home plate area, first base or third base.

"Our mail indicates that fans are under the impression we are sold out for each of the first six games," McDowell said. "This simply is not true and I want to assure fans that good seats are still available for those four games."

## County Agent Soil Tests be Given for Healthy Crops

Plants have appetites just as you and farm animals do. But unfortunately, plants can't vary their available foods at will to match their appetites for a balanced diet, explains County Agent Kirby Clayton. A soil test helps to determine how much and what kind of each fertilizer element to add to produce a healthy yield of any crop.

He emphasized that before a major soil fertility program be undertaken, two questions should be asked: "Are you sure of the fertility conditions of the soil, and do you know what kind and amount of fertilizer to use on crops for top yields and top profits?" Instructions on taking soil samples are available at the county Extension Office.

In connection with the meeting, Speir has called a special session for president and secretaries of all local grocer's associations throughout the state to study issues facing the food industry in 1965.

Stones used to beat other stones into shape are assumed to have been the first tools used by primitive man.

Call your news to the Herald.

## PIRATES NEAR?

The jolly roger, the ancient flag of the pirates, threw fear into every ship that sailed the high seas. These armed robbers sought to raid every ship they came across. None was safe when they were near.

The Bible teaches that there is a devil called Satan who is a robber and a thief, who "goes about like a roaring lion seeking whom he may devour." (1 Peter 5:8) But when the pirate threatens, we need not be afraid. We are encouraged by Romans 8:38 & 39: "For I am persuaded, that neither death, nor life, nor angels, nor principalities, nor powers, nor things present, nor things to come; nor height, nor depth, nor any other creature, shall be able to separate us from the love of God, which is in Christ Jesus our Lord."

Our faith in Christ can overcome Satan's fiery darts. Through Him we can overcome all. We invite you to attend the Church of our Lord this week.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

# Spring Fashion Theme: Soft Lines, for Worlds of Flattery!

There's a slightly prim and proper feeling to new spring fashions, and it's underscored by the Victorian and Edwardian mood of many of the latest accessories. It's all part of the feminine movement in fashion and it's all most flattering!

Fabrics such as airy crepes and basketweave wools are helping to create this softer look for spring, aided and abetted by such touches as trumpet detailing on coats, ruffles and bows on shirts, soft sectioning and shirring on dresses and the soft, drapery look of many new hats. If fashion for Spring 1965 could be summed up in one word (which it couldn't) the best word to select would be soft.

To illustrate the variety to be found on the spring scene, coats are both shaped and skinny for spring — take your choice! Many of them feature hidden closings, new beltings and deep armholes. Wrap coats are an important new look, while above-the-ankle coats are making a spectacular appearance.

Suit styles also vary, from the dirndl to the lean silhouette. Special interest is focused on the big little suit with its flared skirt, precision-shaped jacket and soft, ruffled shirt, with the 3-piece suit continuing to gain attention. Skirts are often fuller or gathered on a bias band, and topped with longer or hip-tipping jackets. Pantsuits echo the excitement over pants in a refined way by camouflaging them with a neat overskirt, while the Mary Poppins suit typifies spring's prim and proper look at its most becoming.

Dresses for spring favor swinging pleats and go to extremes with either low belting or high skimmer styling. Enveloping collars and bulky loose jackets top many of the new designs and the popularity of the A-mod style reflects the Victorian influence on spring fashions in general. New too, is the cape dress — another reflection of the same mood.

Spring hats are prettier than ever and more feminine than ever! The soft look is seen everywhere in turbans, or little hats with ostrich sweeps and tasseled caps. Brims are in evidence too, particularly in black leather swaggers. But the "small head" look prevails, often featuring back interest such as bows or drapes. Many hats have a tied-up kerchief effect and softer fabrics such as velvet, wool jersey or silk have come into their own.

In sportswear, everyone's jumping into stretch jumpsuits and of course, the big news is the pantskirt. Culottes have been cited and are seen not only in skirt form but also as culotte-dresses. Here the look is still snappy and young, mode and eye, bringing the new English chic into prominence. Sometimes copying the English school boy, this look features delicate little details, miniature prints and foulards, longer jackets and swinging skirts, plus crisp white collars.

The new units for spring are featuring distinctive patterns and interesting textures: ridges, lacy looks, airy and open weaves, "smoke rings,"

## Mrs. C. A. Russell Honored Sunday

Mrs. C. A. Russell was honored on her 75th birthday by her daughters, Mrs. Lewis Stinnett and Mrs. Vernon Mayfield, at Holiday Lodge Sunday afternoon.

Mrs. Stinnett and Mrs. Mayfield took cake and ice cream and Mrs. Russell was joined by other friends at the Lodge in the celebration.

She was born Nannie Shirley in Fayette, Ala., in 1890. She came to Jones County in 1903 and was married to C. A. Russell Dec. 26, 1909. He was a farmer in the Union Community, until his death, July 12, 1945.

Mrs. Russell's past hobbies were fishing and crocheting. She now enjoys watching television.

She moved to Holiday Lodge July 26, 1964.

crinkly stripes, accented diagonals, herringbones, and chenilles.

Bootleggers, or up-to-the-knee stockings that are cuffed closed with shoe laces, provide new excitement, along with stretch nylons. Some hose feature over-the-knee garter tops — all are designed to make a woman feel more like a woman, and to make a man notice!

No sportswear story would be complete without sweaters and this season the variety is greater than ever. There are skinny ribbed styles that hug the body — sissified sweaters with crocheted lace edging — long, lacy, looks — sweaters striped like T-shirts — styles that feature enormous zippers — and the long-waisted look everywhere!

For evening, elegant crepes and delicately patterned cotton laces set the stage for both little dresses and the important costume look and the disco dress is still going strong, whether shaped simply, like a slip or flirtatiously ruffled.

The new spring look doesn't stop there — it goes all the way to milady's toes with shoes that feature soft and fragile silk straps of stretch sides and backs of elasticized peau de soie. And the little T-bone cut shoe is busy making its mark everywhere.

In fabrics, the trend is toward brush stroke patterns, fine-line piques, dashing diagonals and small-scale prints. Good news for travelers is the emergence of new linen-look fabrics that keep their fresh appearance from morning until night, and travel with ease.

Handbags have taken a cue from the new feminine fashions and are favoring soft, mellow leathers, suedes and reptiles in newer smaller shapes. Many bags feature fine little dressmaker pleats and tucks, and are reminiscent of the twenties. Shoulder bags continue in popularity, while others are dangled on short straps or chains. Often bags have both, for versatility and double duty.

**3-PIECE FASHIONS STUDY IN BROWN**—with a traditional air that will take you smartly through the weather vagaries of Springtime. A brown linen-y blazer with long lines and three pocket flaps is teamed with a dainty dacron cotton blouse. Brown-edged ruffling pretties up the neckline, showing at front of pearl buttoned jacket. The ruffled look appears again at elasticized cuffs of long sleeves. Tiny bead buttons add an additional dainty accent. A-line skirt in shepherd's check has front apron pleats and a patent belt.

## Jones County LVN's Have Program on Ethics, Grooming

The Jones County Licensed Vocational Nurses Association met for the regular monthly meeting in the home of Mrs. Cecil (Minnie) Brown, 106 S. W. Ave. G. Hamlin, Feb. 23, at 7:30 p. m. with Arzelle Voss, president presiding.

Invocation was given by the president calling the meeting to order. Roll call was checked by E. Wallace, Recording secretary.

Treasurer's report was given by Myrtis Rainwater who called attention to the need for the Way's and Mean Committee to present some workable plans in the near future. Hazel Higdon, chairman of the ways and means committee presented some plans for study to be reported at the next meeting.

Handbooks for L. V. N. A. of Texas, Duties of the Standing Committees and the By-laws were distributed to the members present.

The group voted to have board meeting thirty minutes prior to the meeting each month.

Following the business session, Vivian Flynt introduced the speaker for the evening, Mrs. Doris Welborn, R. N.

Surgical Supervisor of Anson General Hospital. She brought a very informative discussion on "Ethics and Good Grooming for the Nurse". Mrs. Welborn stressed the fact that the nurse should at all times present a neat, well groomed appearance, with the hair styled in a simple manner, to be in accord with the dignity of the uniform. Hands and fingernails are to be given special care since they are constantly in sight and contact with the patient.

She said, also, that the whole person was used in caring for the sick, and therefore, the cherished gift of personality should be developed to its utmost. Many good rules of nurses' ethics were discussed. Refreshments were served by the hostesses Mrs. Brown and A. Dixon, to the following members: From Anson V. Flynt, N. Stephenson, G. Baucum, M. Rainwater, A. Voss and the speaker, Mrs. Welborn, from Hamlin: H. Higdon, E. Wallace, a guest, Mrs. A. Herbert, Supervisor from Stamford, and the hostesses. Benediction was given by M. Rainwater. The next meeting will be in Anson, Mar. 23.

## KEEPING UP TO DATE . . .

**LABEL PROVIDES IMPORTANT CARE INFORMATION.**

Read the label for clues in finding easy-care garments, says Mary Y. Newberry, Jones County Home Demonstration Agent.

A good label will give the name of the manufacturer, the fiber content and finish of the fabric, and laundry or cleaning instructions.

"The label should indicate how much ironing the garment will need, and the colorfastness and shrinkage resistance," the agent says.

If the garment doesn't have such label, you may not want to buy it.

If the garment is a synthetic or a blend, more than half the fiber content should be a wash-wear type. If the garment is cotton, look for a name brand finish.

Even a lightweight fabric should be sturdy — a sleazy fabric just won't stay looking nice. Examine seams and construction points before buying. The seams shouldn't pucker — they should be flat-felled or finished to prevent fraying. Buttonholes should be free of loose threads.

**KEEPING UP TO DATE HOME LAUNDRY AND SELF-SERVICE LAUNDRY COSTS**

than five loads of laundry to do each week may find it more economical to go to the nearest self-service laundry than to own their equipment.

Mrs. Mary Y. Newberry, Jones County Home Demonstration Agent says that the final answer may depend on transportation costs.

According to research conducted recently by family economists with the U. S. Department of Agriculture, it's cheaper for homemakers who have five or more loads of laundry each week to do it at home. For those with less, it may be another story providing the transportation costs to the nearest self-service laundry are not too great.

The study showed that costs for home laundry are about 73 cents a load if the homemaker does three loads a week; 55 cents a load if they do five loads; and 45 cents each if they do eight loads. Cost in a self-service laundry is about 57 cents a load, but to get the final comparison, transportation costs must be added.

Other consideration, however, are convenience, the amount of clothing owned, the kind and amount of water, and time available for doing the wash, Mrs. Newberry says.

A round-cut diamond has 58 facets.

## B&PW Club Hears Rev. Bryant Tuesday to Mark Special Week

Rev. Bryon Bryant, pastor of First Baptist Church, was the guest speaker at the public relations program of the Hamlin Business and Professional Women's Club Tuesday night.

Mrs. Ned Moore introduced the speaker who discussed the who, what, when, where, and why of public relations.

The civic participation committee was in charge of decorations and members served as hostesses. Mrs. John Howard Jr. was chairman. They used the St. Patrick's motif in the table decorations.

Miss Lennie Greenway, president, presided at the meeting and introduced the following:

## 'Rainbows of Fashion' Theme For Style Show

"Rainbows of Fashion" will be the theme of the style show to be presented tonight (Thursday) by the Homemaking Department at Oscar DePriest High School.

The show will begin at 7:30 p. m. in the DePriest Auditorium. Thirty students will model their class projects in clothing construction. The girls are under the supervision of Miss Billie Lewey, Home Economics instructor.

A rainbow background will be used to carry out the theme.

## Dinner Honors Mrs. J. A. Tate

Mrs. J. A. Tate was honored on her 83rd birthday with a dinner Feb. 28 in her home. Her daughters, Mrs. E. L. Burleson of Lockney, and Mrs. R. Y. Cloud of Hobbs, New Mex., prepared the dinner and relatives of the honoree were guests.

Guests were Clyde Hughes, Hamlin; Mr. and Mrs. L. C. Hughes, Waco; Mr. and Mrs. J. K. Hughes, Mr. and Mrs. Alton Watts, Abilene; Mr. and Mrs. Clifford Buntin, Petersburg; Walter Watts, Ocie Watts, Anson; Mr. and Mrs. Burleson and Mrs. Cloud.

Hair accessories will stage a big comeback in the next few months. New feminine hairstyles are ideal for bows, barrettes, tiaras and hair bands. Interesting new materials are being used for these such as leather-look plastics, braided and embroidered weaves and stretch knits for bands, according to the Lilt Reference Service.

Recent interviews of the nation's top beauty editors show that the popular new look in hair styles is short but not shingled, wavy, but not "marcelled". The most important new words, according to Lilt Reference Service, are fluffy, ruffled and casual curls.

## BIRTHS

Mr. and Mrs. Leonard George Cullum of Swenson are parents of a girl, Shelia, born Mar. 3 at 1:56 p. m. She weighed 8 lbs.

Mr. and Mrs. Clarence Kite Harper are parents of a boy, Michael Kite, born Mar. 5 at 2:55 p. m. weighing 9 lbs 7 oz.

Mr. and Mrs. Windell Acy Morgan of Aspermont are parents of a daughter, Lisa Annette, born Mar. 5 at 9:13 a. m. She weighed 8 lbs.

Elaine is the new daughter of Mr. and Mrs. Johnny Cook. She was born Mar. 7 at 12:07 a. m. and weighed 9 lbs 15oz.

Mr. and Mrs. Eddwin Kyle of Jayton are parents of Ricky Wayne, born at 7:52 p. m. Mar. 8 and weighed 7 lbs.

## Card of Thanks A-1

**CARD OF THANKS**  
Words are difficult to find to express the deep feeling of gratitude and appreciation that we have for all of the kindnesses shown in the recent illness and passing of our beloved wife and mother. We humbly thank each of you, her neighbors and friends, for your prayers, the beautiful floral offerings, the food, visits and calls. May God bless each of you.

J. O. Parker and family  
Mr. & Mrs. Chas. G. Rogers  
Mr. & Mrs. Gene Presnall and family

We are truly grateful to the good friends who did so much for us during our recent sorrow. May we take this means of saying thank you for the many comforting expressions of your friendship and affection.

The Family of J. J. West.

## Jones County's 260 Retail Stores Had \$27.2 Million In Sales in 1963

Jones county's 260 Retail Establishment had \$27.2 million in sales in 1963, an increase of 16 percent from 1958. The U. S. Bureau of the Census has just reported after tabulating data gathered from all firms in the 1963 Census of Business. The last previous business census conducted by the census bureau an agency of the U. S. Department of Commerce, was in 1958.

Retail trade in the county meant jobs (exclusive of proprietors) for 812 men and women and a yearly payroll of \$2.3 million.

In volume of business the county's food stores had sales of \$5.2 million an increase of 3 percent from 1958. In other retail business—the county's eating and drinking places had sales of \$897 thousand, and gasoline service stations had sales of \$2.4 million. Auto dealers and related retail trade establishments and sales of \$8.8 million: general merchandise group stores had sales of \$903 thousand; and lumber, building materials hardware and farm equipment dealers had sales of \$4.4 million.

For the state as a whole, the Census Bureau reported 96,406 retail establishments with sales of \$127,154 million, up 18 percent from 1958.

Census reports to be issued during the next few months will give state and county figures on wholesale and service trades, manufacturing and mineral industries.

Figures on number of establishments in each county are provided in the printed report: 1963 Census of Business Retail Trade, Texas. Available at \$1.00 from Superintendent of Documents, Washington, D. C. 20402 and at U. S. Department of Commerce Field Offices.

Early Spanish soldiers in Texas, regarded as employees of the government were required to furnish their own uniforms, horses, arms and feed.

The natural gas industry of Texas began in 1870 after a farmer in Washington County accidentally ignited gas in his water well.

San Saba Improved are good varieties for nut production in West Texas.

If given the correct cultural care, ample moisture and the proper nutrient elements, pecans can add much to our lives said Hancock. Not only do they add beauty to our homes, they also greatly increase the value of property and may well serve as a heritage to future generations.

In Southeast Texas rice is planted with grain drills during March, April and May.

Desirable and Success varieties are popular where production of high quality nuts is of primary importance. However because of their structural growth habits, neither is ideal for shade purposes. They are best adapted to Central and East Texas.

Wichita, Western Schley and

was recently published and is available on request from the Film Library, 410 East 5th Street, Austin.

A part of the Health Department's Division of Public Health Education, the library shelves 2,015 films for 611 titles. It contains films with viewing times ranging from four to 57 minutes, covering practically all phases of personal and community health.

Most of the films were produced commercially, but many of them were written and produced for specific Texas application. All films are aimed at a single purpose: teaching good health practices.

Last year library personnel booked 35,429 showings for a total of 1,534,942 viewings, representing more than one-tenth of the entire Texas population.

In addition to providing Texas school teachers with films for classrooms aids, the library makes films available to religious and fraternal organization and to civic groups.

Practically any club or organization may book films for a general interest or educational viewing, but they are limited to use within the State.

If you happen to be this month's program chairman for a neighborhood ladies' club, perhaps you'd like to show club members an approved, step-by-step method of making a baby formula. There is a sequence in a film titled "Linda" to do exactly that.

Or perhaps your civic club is studying use of narcotics. "Monkey on the Back" may be of help to you.

All films are shipped parcel post, with the borrower paying return postage.

(A weekly feature from the Division of Public Health Education, Texas State Department of Health.)

The first recorded State Fair of Texas was held in Dallas in 1859 and drew an attendance of 2,000.

## Pecan Trees Recommended For Both Shade and Edible Nuts

COLLEGE STATION. — If you plan to plant trees this spring, Texas' state tree, the pecan, might be a wise choice.

One of the most widely adapted trees in Texas, the pecan serves a dual purpose. Not only is it a stately shade tree, but if properly cared for, it can produce good, edible nuts, says B. G. Hancock, Extension horticulturist at Texas A&M University.

"One of the most important decisions to make is the selection of a proper variety," says Hancock. "Hundreds of varieties are available but only a few are specifically adapted to given areas and interests."

Mahan and Stuart varieties are most widely used for shade purposes because of their strength and desirable habit of growth.

Mahan is the most widely distributed variety. It can be grown in practically every area of the state. Stuart is best adapted to the Gulf Coast and Eastern and Central Texas.

Choctaw, one of our new USDA varieties, shows promise of being a good all purpose shade tree in the Gulf Coast Eastern and Central Texas.

Desirable and Success varieties are popular where production of high quality nuts is of primary importance. However because of their structural growth habits, neither is ideal for shade purposes. They are best adapted to Central and East Texas.

## Celotex to Move Home Office From Chicago to Tampa, Florida

The Celotex Corporation, which became a wholly-owned subsidiary of Jim Walter Corporation last year, will move its corporate headquarters to Tampa, Florida, the site of the parent company headquarters.

The move from present headquarters at 120 S. LaSalle St., Chicago, will begin soon and is scheduled for completion by late summer this year, a company spokesman said.

Other Celotex facilities in the Chicago area will remain in their present locations. These include the Celotex research center in Des Plaines and offices located at 205 W. Monroe St. and 30 E. Adams St.

The decision to move was based on a long range economic study which showed that locating company management in the same city would improve efficiency and eliminate many duplications of effort, the spokesman said.

Jim Walter Corporation and Celotex presently use many similar office facilities, including electronic accounting equipment, which can be shared with greater economy and effectiveness, he said.

Celotex headquarters personnel will occupy the present Jim Walter Corporation central office in Tampa, plus a new multi-story building to be erected adjacent to the existing facilities.

The Celotex Corporation was founded and established its headquarters in Chicago in 1920. Since that time it has grown to become one of the world's leading building materials manufacturers with plants located in Louisiana, Texas, Tennessee, California, Wyoming, Michigan, Iowa, Ohio, Indiana and Pennsylvania.

Mustangs were being ridden by Indians in Texas before the first explorers came into the area.

During the period of the Texas Republic land promoters advertised that it was cheaper to raise a cow in Texas than a chicken, and it was.

### A WINNER FOR THE FIFTH TIME

For the fifth consecutive year West Texas Utilities Company has been awarded first place in the Bureau of Safety Motor Vehicle Accident Prevention Contest. The 1964 award was presented to WTU President S. B. Phillips (right), by Ray Gillan of the Bureau of Safety at the annual management conference in Abilene.

WTU's frequency accident rate for the past 5 years is three accidents for every million miles driven. The national average for electric utility companies is twelve accidents for every million miles, or four times that of WTU.

In 1964 WTU vehicles were driven a total of 5,397,374 miles with only 25 chargeable accidents.

## FAIRVIEW NEWS

By MRS. ELMER JOINER

An unusual thing happened last week weatherwise in that the wind stayed in the north for eight days and nights. Some days were cold, some were mild, but it seemed that a new norther blew in almost every day, keeping the wind blowing from the north, but this Monday morning it is in the south, but a new front from the north is in the prediction. Cold north wind is a lot more agreeable than sandstorms, and after all this is March.

We still have some sick folks among us, seems like they just all cannot get well at once. Mrs. Flavil Holmes came home from the hospital, but is still not well. Mr. Holmes is sick now, with one of the bugs that are going around. Little Keenan Wright spent the last week in the hospital, going home Sunday. Mr. Bill Newland has also been in the hospital with the flu.

Mrs. H. L. Ford was able to be back in church Sunday, after a long siege with an infected throat, however she still isn't well, just up and going.

Rev. Kenneth Leverett went to Abilene last Tuesday night, where he attended the American Heritage Banquet, held in the A. C. C. cafeteria, honoring the school teachers of the area. Mr. A. E. Wells was the speaker, his subject being his trip to Russia.

Mid week services were held last Wednesday night in the home of Mr. and Mrs. Woodrow Goodwin, with twelve attending. A called deacons meeting was also held.

Mr. and Mrs. Winslow Gray and Mr. and Mrs. Woodrow Goodwin were out visiting

last Wednesday afternoon, stopping first with the Elmer Joiners, then going on to Anson and visiting with Mr. and Mrs. E. C. Gray.

Mrs. Elmer Joiner and Mrs. Runt McCoy went to Anson Thursday, where they attended a leader training meeting, as representatives from the Friendship Club. Every one brought a dish and lunch was served at the noon hour in Mrs. Newberry's office.

Tuesday visitors of Mr. and Mrs. E. A. Henry were Mr. and Mrs. H. L. Matheney, of Andrews. Mrs. Matheney is a sister of Mr. Henry.

Mr. and Mrs. Winslow Gray ate supper last Friday night, with Mr. and Mrs. Landon Loper, of Anson.

It was so good to see Mr. and Mrs. Roy Watts, former members of our church, in Sunday services morning.

Sunday visitors of the Drake family were, Mrs. Robert Johnson, Mr. and Mrs. Ed Branscum, Mrs. Clifford Eoff and sister Ina Henderson. This was Miss Della Drake's birthday, she said she didn't care for telling that it was her 78th.

Sunday afternoon visitors of the Woodrow Goodwins were Mr. and Mrs. Emmitt Chastain, and Mr. and Mrs. Raleigh Bond, all of Hamlin.

Mr. and Mrs. Runt McCoy went to Houston over the weekend, where they visited with his younger brother, Larry McCoy and family.

An inquiry about the condition of Mrs. Buck Richie, disclosed the fact that she is doing fine, following the amputation of her second foot, some time ago. Owing to the fact that the big bone has not healed sufficiently, she has not been fitted with another limb, but is up and around in her chair. After getting another artificial limb she hopes to be on her feet again, the main thing it takes is will power and she has that.

Family night will be held Wednesday night, at the church, with a pot luck supper before the services.

Fairview church has been invited to the Holiday Lodge next Sunday, to conduct the services. We always enjoy our time coming to go, for we get a big welcome and enjoy meeting the residents of the home, away from home, that are not able to attend church services any where else.

### More Pilots Needed By U. S. Air Force

The Air Force announced its accelerated drive in its procurement program for Pilots according to Sgt. Robert H. Sanders, local Air Force Recruiter. Sergeant Sanders said that the training required to be an Air Force pilot was long and challenging, but it offered a rewarding adventure to those who qualify to wear the silver wings of a pilot.

For full details on the pilot or navigator program, contact Sgt. Sanders at Room 2111, Post Office Building, Abilene, Texas or call OR 2-8949 Collect.

Diamonds of industrial quality were discovered recently near Jerseyville in Illinois.

## PIPER PATTERN—

### 'Spring Cleanup '65' Project Being Sponsored by N. H. S.

by Nancy Ford  
Carolyn Reynolds  
Marolyn Reynolds

"Spring Cleanup '65" is the new project being sponsored by the National Honor Society. Each week emphasis will be placed on different phases of the theme. The campaign began this week with stress on cleanliness in physical surroundings. Bulletin boards have been prepared and put up in every room by the N. H. S. members with such slogans as, "Stash That Trash," "The Cleaner the Work Area, the More Efficient the Worker," "The Visitor Judges Our School by its Cleanliness." Also, thoughts about the topic are being announced over the intercom every day, and signs are being placed in the halls. Cleaner rooms prove that progress is already being made.

hhs

Thursday night, March 4, the members of the FFA were guests of the FHA members.

## Junior High Honor Roll

The Honor Roll for Hamlin Junior High School for the fourth six weeks period was released this week by Principal Marvin Carlton.

### State Draft Quota Up for April

AUSTIN. — The state draft quota for April calls for 518 men, compared to 315 for March. Colonel Morris S. Schwartz, state Selective Service director, said Tuesday.

The state quota of 518 for April is the Texas share of a national call for 13,700 men, all for the Army.

The state Selective Service director also announced that state draft boards will forward around 4,170 males for Army mental-physical examinations in April, 2,364 of whom will be 18-year-olds.

Tyler, Texas, home of the annual Texas Rose Festival, is known as the "Rose Capital of the World."

California has a difference in elevation of 28 miles between the lower and the highest point.

The burrowing wasp uses a pebble to pound down the earth over its subterranean nest to conceal its location.

The mockingbird was designated the state bird of Texas by the Texas Legislature on January 31, 1927.

## Rep. Omar Burleson Says Oil Imports Hurt Balance of Payments

WASHINGTON.—Rep. Omar Burleson (D-Tex.) said today that something must be done about the increasing outflow of dollars due to oil imports if the chronic deficit in the Nation's balance of payments is to be "successfully attacked."

Pointing out that the value of oil imports exceeds oil exports by \$1 billion a year, he said tanker transportation costs paid to foreigners and U. S. military purchases of foreign oil bring the Nation's deficit due to petroleum to \$1.5 billion yearly.

The Texas Congressman said the adverse balance of trade in petroleum has ranged from a low of 27 percent to a high of 40 percent of the total U. S. payments deficit exceeding \$3 billion yearly in the six years 1958 through 1963.

Commending President Johnson for his strong message to Congress calling for action on the payments deficit, Rep. Burleson called on the Administration and the Congress to "take remedial action" to curb oil imports and foreign oil purchases by the Department of Defense.

Rep. Burleson is author of a bill (H. R. 2177) which would reduce oil imports 375,000 barrels daily from the present 2,200,000 barrels a day, and limit defense department purchases of foreign petroleum light products to 15 percent of total requirements for these products.

These two actions, he said would "reduce the deficit in international payments by some \$500 million annually. This would be a meaningful and substantial contribution toward solving the payments problem."

He said his proposal would serve two purposes: "First, it would make the present mandatory oil imports program more effective in serving its national security objective of a healthy domestic oil industry. Second, it would aid substantially in reducing our deficit in international payments."

Rep. Burleson condemned the

Defense Department practice of purchasing an ever-increasing share of its petroleum products in foreign areas. Pointing out that these foreign purchases have increased from 13 percent of military requirements in 1954 to 35 percent in 1964, he said:

There is no justification for the Department of Defense to purchase an increasing portion of (these products from foreign sources. On its face, it is unreasonable for the Department to purchase 35 percent of its requirements for these products from foreign sources."

He noted that repeated appeals to Defense officials for reductions in foreign oil purchases, now costing \$300 million yearly, "have been ignored," and the department has seen fit to continue to purchase an increasing portion of its requirements abroad.

Burleson said this policy of the Defense Department serves to aggravate the imbalance of payments, and runs "directly contrary to the purpose and objective of the Mandatory Oil Import Program" which he said is designed to maintain a healthy oil industry in the United States.

While the Defense Department "would (seem) to have a primary interest in doing everything possible to implement the oil import program and alleviate the imbalance of payments problem," he said:

"The conduct of the Department suggests that it is callous to the economic plight of the domestic oil industry, to the Government's objective in the oil import problem and to the balance-of-payments problem."

Burleson suggested, "since the department has not been disposed to take corrective action," that the House Appropriations Committee "give consideration to inclusion in the Department of Defense appropriations act of a restriction that would limit the purchase of petroleum light products from foreign sources to a more nor-

## Calf Weaning May be Helped by Making Mother's Milk Taste Bad

COLLEGE STATION.—The setback calves suffer at weaning may possibly be reduced by feeding the mother some material which gives her milk a bad taste, says, Dr. Jan C. Bonsma, visiting professor at Texas A M University.

Dr. Bonsma, a famed animal scientist and head of the Department of Animal Science at the University of Pretoria, Republic of South Africa, says that calves lose a tremendous amount of weight during the weaning period.

"Weaning calves are nervous. They run around a lot and don't eat properly. Under most range conditions calves at weaning age, usually six to

eight months, are often heavier than at one year because of this setback."

"I have observed calves become reluctant to suckle when their mothers had eaten certain plants which give a bad taste to their milk," said Dr. Bonsma.

"It seems that if some substance that give milk a repulsive taste was fed to the cow around weaning time, then possibly the calf would gradually wean on his own without the usual nervous stress," he said.

Dr. Bonsma plans extensive work on this project when he returns to the University of Pretoria this summer.

Dr. Bonsma was bought to Texas A M for one year by a Wortham Foundation grant.

## As It Looks From Here . . .

Omar Burleson, M. C. 17th District, Texas WASHINGTON.—In The Last Year Or Two, and particularly in recent months, we hear and read of the danger of the proliferation of nuclear weapons. More and more will be heard about it in the months ahead.

Behind The Nuclear Test Ban Treaty and the creation of the Arms Control and Disarmament Agency was the fear that more and more nations, and particularly those who have exhibited no world responsibility, will develop the capability of producing the nuclear bomb.

As Far Back As 1960 there was strong indication that the Red Chinese would be able to explode an atomic device. They did so at least 8 or 9 months before it was expected, except for only a few days before it happened.

What Is The World Going To Be Like when Sukarno of Indonesia, Nassar of Egypt, the State of Israel, and perhaps half a dozen other nations develop their own nuclear bomb? It is frightful to contemplate, because in many parts of the world human life is relatively cheap. Chinese leaders said a long time ago that the loss of 100 million people in China would be meaningless to them. Their attitude is real and was made to emphasize that retaliation was no deterrent at all to them.

Red China Does Not Yet Have the ability to deliver their bomb to a target, but it must be assumed that if they are able to develop and detonate a nuclear bomb, indeed they will in time be able to develop a missile, booster or a manned bomber capable of offense against others.

In A Speech Soon After The First Of The Year, Free Chin-

mal level of about 15 percent of total requirements for these products."

He charged that the policy followed for several years by the department "requires that Congress take action in order to bring the oil purchasing policy of the department into more logical balance."

ese President Chiang Kai-shek had this to say, "The Chinese Communists have been given a chance to grow strong enough to test a nuclear device. There is still the belief that compromise in the U. N. or empty gestures such as disarmament and adherence to the partial nuclear test ban can relax aggression, prevent Communist infiltration and subversion and forestall the disaster of a nuclear war. Such ideas have come about because the wicked purpose of the Chinese Communists in conducting an atomic test at any cost has been fully realized. In their attempt to communize the world, the Chinese Communists are prepared to destroy more than half of mankind. Under such circumstances it must be clear to everyone that if we fail to take action, there would ensue a situation in which no force not even retaliation with nuclear arms, would be able to stop mass massacres."

The Chinese Communists Are at the point of exercising blackmail against all mankind. They have already told us that in less than a decade the free world, and particularly the United States, will be looking down the barrel of their atomic cannon and that the loss of lives is meaningless. If we believe them, and why shouldn't we, are we going to wait until that day and then attempt to compromise the situation?

Remember The "Leashing" and "Unleashing" of the forces of Chiang Kai-shek on Formosa back in the Eisenhower and John Foster Dulles days? Maybe this is "unleashing" time for these forces against Red China's nuclear installation.

It Is Not Missile Rattling to ask for consideration of making it possible for the Nationalist Free Chinese to make one conventional bombing attack on Red China's reactor. Its exact location is known. Not only would it prevent the irresponsible ownership of nuclear devices by the Chinese Communists, but would be a clear and unmistakable warning to others who are in various stages of developing their own.

## Neinda Philosopher Takes A Look At the Latest Viet Nam Situation, But Sees Very Little

Editor note: The Neinda Philosopher on his Johnson grass farm on Route 1 takes another look at Viet Nam this week. Anything to get the spotlight off his farm.

Dear editor:

I would like some information.

According to an article I read in a newspaper this morning, and I hope you will answer quick as the situation may be totally changed by tomorrow morning. Gen. Khanh has been removed as head of the South Viet Nam military forces in what the newspaper call a coup and the television announcers call a

York as a United Nations observer.

What I would like to is, is this a reward or a punishment? I had thought that the United Nations was supposed to be watching what went on in Viet Nam, both North and South, but what they have been seeing is hard to understand. You reckon the South Vietnamese, having been unable at ground level to understand themselves what they're doing, figured the view would be better from New York?

Or do you figure Gen. Khanh was getting bored with the limited confusion in Viet Nam and figured he could get a broader taste of it

in the United Nations? Like going from a sideshow to the main tent?

I'll admit I don't know a thing about what's going on in Viet Nam, but I don't want this to leak out as Washington might want to send me over there as an observer. I've got all the confusion I can handle at home.

And speaking of the United Nations, as I understand it, the U. N. has a rule that if any country is behind two years in its dues, it loses its membership, but is afraid to vote on whether this rule is still in effect on the grounds that if it does, there won't be enough major powers left in

the outfit to operate it. This is like a hard-pressed bank declining to call in its past-due loans on the grounds it would alienate its customers.

Its possible that after Gen. Khanh observes the United Nations a while, he may go home and announce all this earth's countries got problems.

Yours faithfully,  
J. A.

Bob Craig, editor and publisher of the Hamlin Herald, attended the annual Mechanical Conference of the Texas Press Association held this weekend in Huntsville. He was accompanied by Doyle Combs, editor and publisher of the Strawn Reporter, a former Hamlin resident. The conference included sessions showing the latest techniques in printing and production.

## Farm Bureau Sets Meeting on Possible Cotton Allotment Cut

"Cotton Farmers of Jones County face the real possibility of a cut in allotted acreage up to fifty per cent of present levels," according to Newman West, president of Jones County Farm Bureau.

West announced that a county wide meeting of farmers, professional men and business men has been scheduled for Tuesday evening, March 16, at the Anson High School Cafeteria at 7:30 to explain the possibility.

The meeting will be sponsored by the Farm Bureau to

inform all segments of the economy of this possible change in the cotton program.

Brad Rowland, ASCS office manager, will explain the possibility of the elimination of the "skip row" planting arrangements now being followed in this and surrounding counties.

Bill Wedemeyer, Education & Research Director of Texas Farm Bureau, will give a review of present and pending legislation that include some recommendations of a national reduction from 16 million acres to as low as 8 million acres. This would mean a fifty per cent reduction in addition to the reduction now pending by elimination of the "skip row".

"Every citizen of Jones County has a vital interest in this danger to cotton production which would adversely effect the economy of our county," West said.

## County March Of Dimes Drive Nets \$4,398.80

The Jones County March of Dimes drive recently completed in the county raised \$4,463.10, according to Bill Longley of Stamford, county chairman. He said that there was an expense of \$64.30 for a net of \$4,398.80.

A breakdown by towns and communities was released by Longley and were as follows: Avoca, \$142.33; Anson, \$777.17; Eriksdale, \$236.00; Hamlin, \$686.61; Hawley, \$42.75; Hodges, \$44.00; Corinth, \$1.29; Lueders, \$307.92; Goodman, \$19.50; Nugent, \$239.38; Noodle, \$51.43; Tuxedo, and Plainview, \$130.24; Stamford, \$1,560.51; Truby, \$181.57; Seith, \$37.50; Neinda, \$10.90.

Longley expressed his appreciation to everyone who participated in the drive in anyway and said, "I am grateful to every worker and to every contributor who helped put the March of Dimes over."

## Presents Program For Lions Tuesday

Presenting entertainment for the Tuesday noon meeting of the Hamlin Lions Club were Monty Monkres, J. P. Boyd and Manuel Martinez.

The string trio featured Monkres on the electric guitar and electric mandolin, Boyd on the bass and Martinez on the electric guitar.

## BRIDGE

Winners in Tuesday night's bridge play at the Oil Mill Guest House were Mr. and Mrs. Harvey Elkins, first; Mrs. Wilson Brannon and Mrs. Dale Lain, second; and Mr. and Mrs. Gene Knabel, third.

Mr. and Mrs. C. J. Sewell spent the weekend in the home of Mrs. A. B. Maynard, returning to Denver City after attending the funeral of Mr. Sewell's grandmother, Mrs. Mary Qualls in Ft. Worth.

## Tickets on Sale To 'Oklahoma'

Remember "Oh, What a Beautiful Morning," "The Surrey With the Fringe on Top" and "People Will Say We're in Love"? These and many other wonderful songs will be featured when the Abilene Philharmonic presents Rodgers and Hammerstein's marvelous musical "Oklahoma" Saturday, March 13.

Two public performances have been planned for that date as a benefit for the Philharmonic. The matinee will begin at 2 p. m. and the evening performance at 8:15 p. m. Both shows will be presented at Abilene High School auditorium. Philharmonic members will get a preview of the show at the regular subscription concert Friday night, March 12.

Ticket prices are arranged as follows: matinee, \$1.00 for students and \$2.00 for adults, with no reserved seats; evening, \$3.00, \$2.25 and \$1.50, with seats reserved by sections.

A top-notch cast has been assembled, with artists from Abilene, Dyess AFB, the local colleges and area towns. The entire production is being designed and directed by Lewis Fulks, associate professor of speech at Abilene Christian College. Musical director is Leo Scheer, Music Director-Conductor of the Abilene Philharmonic Association.

Persons wishing to purchase tickets for either of the public performances may write the Abilene Philharmonic, 712 Mims Building, Abilene, of telephone OR 4-6710.

GETTING IN PRACTICE—Members of the Hamlin Lions Club got in a little practice time Monday in turning pancakes as they start getting ready for their annual Pancake Supper Friday night. Lions at the grill are left to right, Bob Craig, president; Donley Williams, head cook; Ellis West, project chairman; and B. V. Newberry. The club will serve "all you can eat" starting at 5:30.

## County Commissioners Purchase Two Cars for Sheriff's Dept.

Middlebrook Ford Sales of Anson submitted the low bid on two new cars for the Jones County Sheriff's department at a bid opening held by the commissioners court Monday. There were six bidders.

Being traded in are two 1963 Chevrolets, one of which is a six cylinder and the other and eight. Middlebrooks bid was for \$1,724 difference on the two cars.

Bids from other dealers were as follows: Lawrence Hall Chevrolet Co., Anson: \$1049 difference on each of the two cars.

Trail Chevrolet Co., Stamford: \$1365 difference on each of the two cars.

Cobb Ford Sales, Stamford: \$985 difference on each car. McMahon Motor Company, Stamford: Catalina Pontiac: \$1863.37 difference where eight-cylinder traded in, and \$1663.37 on six-cylinder.

Same company, on an Oldsmobile F85: \$1582.32 on the V8, and \$1382.32 on the six.

Prewitt Motor Company, Hamlin, on Plymouths: Two cars, \$2987.48.

All cars were priced without tires. The county can buy tires at a low price under state contract.

The commissioners also approved bonds of deputies in the tax office and in the sheriff's department. No action was taken on naming a successor to the county veterans land committee, succeeding Elzy Bennett, who resigned.

Clinton Bowers and Kirby Clayton are the other two members.

The court also approved final contract with First National Bank of Anson as county depository, and heard a report from John Sosebee, Anson insurance man, on the county's insurance on the courthouse.

Earlier in the year, the county had been informed that the building had been reclassified as "brick building" which would have meant a higher insurance rate. This classification, Mr. Sosebee said, has been changed to semi-fire resistant.

Under the revised classification, the rate for \$1000 insurance for five years will be \$2.52 as compared to the previous rate of \$5.30. The old contract, however, called for fifty per cent co-insurance while the new will be on an 80 per cent basis.

The commissioners talked briefly as to what the insurable value might be and a figure in the neighborhood of \$400,000 was mentioned. Mr. Sosebee said an accepted formula was that building costs today are about six times what they were when the building was built in 1910, minus depreciation.

Formerly, the county carried \$272,000 in insurance.

County Judge Leon Thurman reported that everything was in readiness for letting contract on Highway 277.

Rattlesnake Hunt Set in Strawn

A Rattlesnake Roundup will be held in Strawn Saturday and Sunday, sponsored by the American Legion of Strawn. Bill Ransberger of Sweetwater, noted snake authority, will engineer the demonstrations and safety precautions during the hunt. Shelly Downs of Florida will milk the snakes for the public. Demonstrations begin Saturday at 9 a.m.

Cash prizes of \$150.00 will be awarded during the two day hunt for hunters who present their catches to the judges.

Registration begins at 1 p.m. Friday and continues through 11 a.m. Sunday. The registration fee is \$1 per hunter.

On Honor Roll

Ann Bryant and Janis Lain were among the 68 students listed as maintaining a grade average of B-plus at Hardin-Simmons University. The honor roll for the 1964 fall semester was released by Mrs. Madge Grba, registrar.

Mr. and Mrs. L. E. Prewitt were in Stamford Sunday for the Golden Wedding celebration of their parents' 50th anniversary of their wedding. The open house was in the home of Mr. and Mrs. D. E. Prewitt and hosted by the couple's five sons and a daughter and their families.

No Contest In City Election

George Campbell, Cecil Sellers and Irby Weaver, city councilmen, have all filed for reelection to the City Council in the approaching election April 6.

Deadline for filing was Saturday.

## Annual Pancake Supper To Be Held Friday Night

Final plans are taking shape for the annual Lions Club Pancake Supper to be held Friday evening in the High School Cafeteria, according to Ellis West, chairman.

Tickets for the "all-you-can-eat" affair were going briskly according to West and he is expecting a good turnout. The club will start serving at 5:30 and will close by 7:30 in order for everyone to attend the Senior Class Play in the auditorium.

Advance ticket sales are also being handled by the Boy Scouts.

A highlight of the evening again this year will be a cake and pie auction to be held during the supper. Club officials reported that this feature met with such good response last year that it would be conducted again this year.

Work committees for the event were announced this week by West. They will be: Pie and Cake sale — L. H. McBride, chairman, and

Henry Albritton; Pancake cooks — Donley Williams, chairman, Loyd Burkhardt, W. T. Johnson, and George Campbell; Waiting tables — Lester Minton, chairman, Robert Fowler, Edgar Duncan, Claude Lancaster, B. V. Newberry, Ted Seay, Fred Smith, Bill Harbert, Paul Cooper, Rev. Royce Womack, A. L. Gamble, and Don Bradshaw; dishwashing — Arlie Cassle, chairman, Haskell Carter, Bill Davis, J. D. Josey, Jerry Williams, J. O. Murphree; bacon frying, Ellis West, chairman, and Leldon Clifton; tickets, Ray Sonnenburg, chairman, and Bob Craig.

Tickets for the supper are 75 cents for adults and 50 cents for children under 12. Proceeds of the supper will be used by the club in their community service work which includes buying glasses for the needy, sponsoring Boy Scout Troop 43 and other projects.

Pipers Place Fifth at Blizzard Relays Saturday in Winters

The Pied Pipers placed fifth with 59 1-2 points at the Blizzard Relays held in Winters Saturday afternoon. Winters racked up 149 points to take top honors. They were followed by Coahoma, Fredericksburg and Ballinger.

Mike Shivers won the only first place ribbon for the Pipers with a 5 feet 6 inch high jump. Larry Simpson took second in this event.

Allen Cumble placed fifth in the pole vault for Hamlin. Robert Pearce jumped 20.4 feet to place third in the broad jump.

Hamlin's 440 yard relay team of Shivers, Pearce, Cumble and Phillip Simpson placed second.

Shivers placed fourth and Pearce fifth in the 100-yard dash.

Cumble ran the 220-yard dash in 22.5 to set a new Hamlin High School record, but it was good for only third place in the Winters meet.

Danny Contreiras placed fourth in the mile run.

The Hamlin relay team of Cumble, Shivers, Larry Brady

Dates Changed for County 4-H Fun Festival to April 6

The Jones County 4-H Fun Festival will be held in the Anson High School Auditorium at 7:30 p. m. on Tuesday night April 6, according to word this week from Jones County Extension Agents, Mary Y. Newberry and Kirby Clayton.

The Festival was originally scheduled for March 30, but had to be changed because of conflict.

## Two Trustees Unopposed

Only two names will appear on the ballot when voters go to the polls April 3 to elect trustees to the Hamlin Independent School District Board of Trustees.

Seeking reelection are Richard Young Jr. and Joe Hudspeth. Deadline for filing was Thursday, Mar. 4.

## Hamlin Club Launches Drive To Elect McBride Governor

The Hamlin Lions Club opened their drive to elect L. H. McBride, local business man and club member, to the office of District Governor of Lions District 2E-1, according to Bob Craig, Club President.

Members of the local club visited Eastland and Breckenridge last week and Abilene Elmwood West Monday morning of this week to open their visitation of as many of the 53 clubs in the district as possible.

The District will meet in Abilene April 30 and May 1 to elect a new governor for the coming year. At the present time McBride is unopposed in his bid for this office.

McBride has been a member of the Hamlin Lions Club for over 25 years and is a past president of the club. He has been very active on the district level, serving in each of the offices leading up to the District Governor's office. He is currently serving as a director of the Lions Crippled Children's Camp at Kerrville.

McBride has served as a member and chairman of the Hamlin School Board, president of the Chamber of Commerce and as Mayor of Hamlin.

He has retired from the cotton business with which he was connected for 35 years. He owns a advertising clock manufacturing firm located in Hamlin.

He is active in the First Methodist Church here and serves as district Lay Leader

L. H. McBRIDE seeks Lion office

merce and as Mayor of Hamlin.

He has retired from the cotton business with which he was connected for 35 years. He owns a advertising clock manufacturing firm located in Hamlin.

He is active in the First Methodist Church here and serves as district Lay Leader

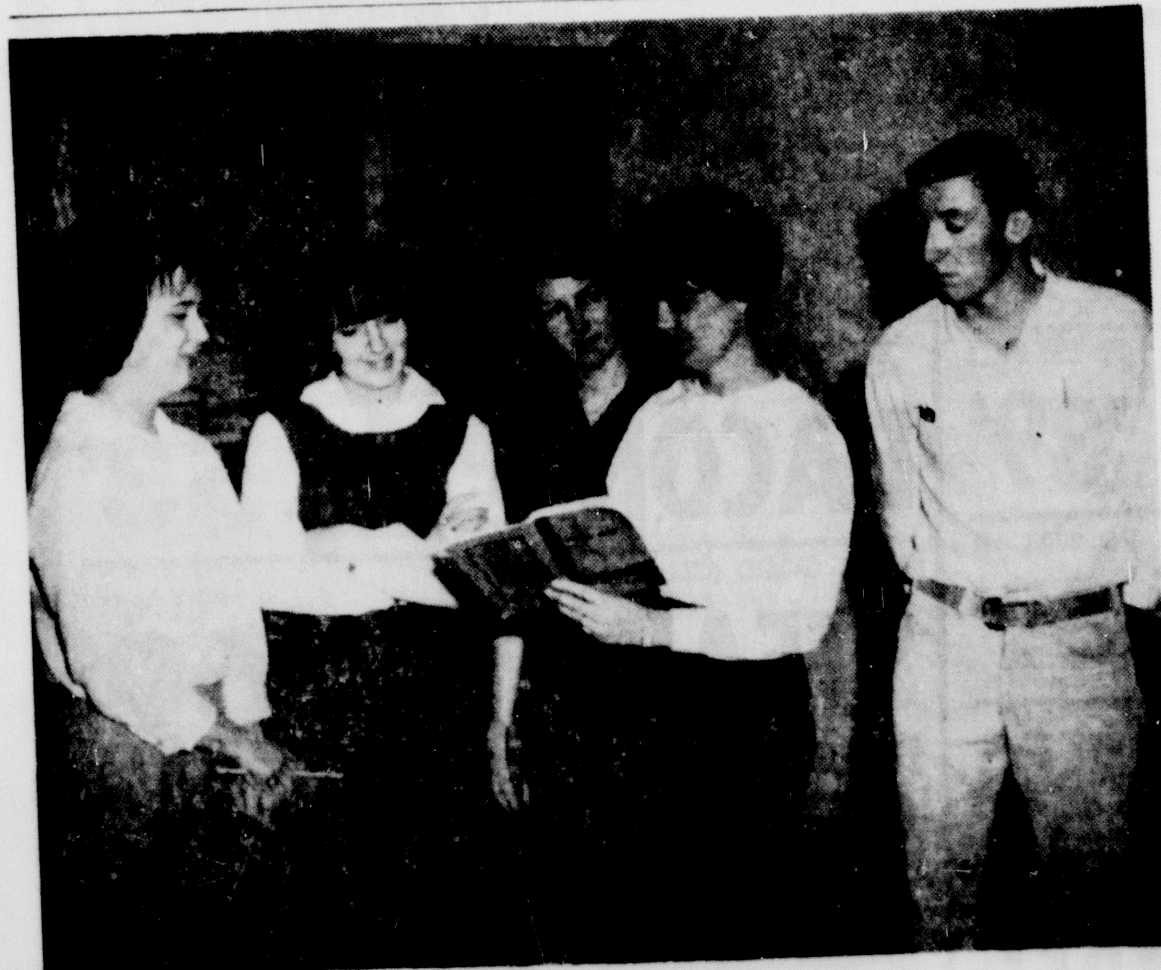

## Youth-Led Revival Set by Central Avenue Baptists

A youth-led revival will be held at Central Avenue Baptist Church, March 19-21 with services at 7:30 p. m. each evening.

Students of Hardin-Simmons University, Abilene, will be conducting the services. Dean Allen will be preaching and the devotionals will be led by Donny Linscott. Marvin Williams will be the song leader with Sue Willis as special soloist and Kietha Walton as pianist.

The young people will be staying in the homes of church members during the revival.

Everyone is invited to attend the services.

CURTAIN TIME 7:30 FRIDAY—Mrs. Dewey Nunley, second from right, goes over the script of "Money Mad," a three act play to be presented by the Senior Class Friday night, with some members of the cast. Mrs. Nunley is directing the play that will be held in the high school auditorium at 7:30. Seniors working with Mrs. Nunley are left to right: Mary Ann Elkins, Shristy Wallace, Elizabeth Cunningham and Gaylon Moore.

# OLD GLORY...

By Judy White

Most of the high school boys, the high school men teachers, and several other local men attended the State Boys' Basketball playoffs in Austin last week end. They left Old Glory early Friday morning and returned on Sunday.

Next weekend approximately twelve high school girls and their sponsors plan to attend the Girls Basketball Meet in Austin.

Those from Old Glory who attended the District VII State Teachers Association Meeting at Vernon last Friday were, J. L. South, Mrs. Travis Bell, Mrs. Burel Jamison, Mrs. Cecil Klump and Betty Sadberry.

Mr. South also attended the Delegates' dinner meeting on Thursday night.

School was dismissed on Friday to allow the teachers to attend this meeting.

Linda Ghoslon attended the second annual Vocational Guidance Clinic held at Texas Lutheran College in Seguin Saturday March 6. The Clinic was sponsored by the Southern District Brotherhood of the American Lutheran

Church. Key representatives of 14 occupational areas assisted high school students in career planning.

Several people from Old Glory community entered the hospital last week because of illness. They are Mrs. Lynn Flowers, Mrs. H. E. Carr and Edwin Vrazlik.

We wish all of them a very speedy recovery.

Mrs. Tillie Dippel, Mrs. Katie Gerloff, Mrs. Bernice D. White and Judy were in Wichita Falls last Saturday.

Mrs. Adele Dudensing is in Abilene this week with her daughter and family, the Charles Goddards.

Mrs. Pauline Fuqua of Stamford was here last Sunday visiting her sister, Mrs. Katie Gerloff.

Mrs. Donald Boles was honored with a pink and blue shower on Monday, March 1, in the home of Mrs. Herbert Vahlenkamp. Senior girls and several other ladies and girls in the community were hostesses.

4-H

The Old Glory Junior Community 4-H Club met on March 2 after school. Russell Letz led the pledge, prayer,

and motto. Mr. Hennig led the discussion of spring activities and gave a list of dates. Weldon Spitzer and Steve Letz served refreshments. The next meeting date will be on March 30th.

Regina Letz, Reporter

The Senior 4-H Club met in the study hall Wednesday after school. Nancy Vahlenkamp, president of the club, presided at the meeting. Stephanie Letz led the club Motto, Pledge and Prayer. The group discussed forthcoming 4-H activities.

Important dates to remember are as follows:

April 10 - County Electric Show at Aspermont.

April 12 - County Talent Show at Aspermont.

May 8 - District Contests at Wichita Falls.

May 20 - Girls Fair at Aspermont.

May 21 - Poultry Show at Aspermont.

June 1-2 - State Roundup at A&M.

Judy White attended the spring meeting of the District 3 4-H Council in Iowa Park on Saturday, March 6. Marvin Vahlenkamp and Judy are council delegates from Stone-wall County.

Business at the meeting included the selection of a man

## Only 223 Screwworm Cases Reported in Texas Last Year

Only 223 screwworm cases were reported in Texas during 1964, according to word this week from Jones County Agent, Kirby Clayton. Of the 254 Counties in Texas, 189 had no screwworm infestations in 1964.

When the program started in 1962, 50,000 cases were reported and entomologist feel that this represents only 10 percent of the infestation, says Clayton. Confirmed samples during 1964 were down 95.5 percent from 1962. There were 12 non-infested counties in 1962 and 72 in 1963. There was only one case reported in Texas in December 1964, which compares with 43 cases in December 1963 and 1068 the same month in 1962.

Since the program began in 1962, over 12 billion sterile flies have been released by 21 aircraft which were airborne more than 18,000 hours, traveling 9.3 millions miles or roughly 10 times around the earth.

The program has saved livestock men thousands of dollars, says Clayton, and the effectiveness of the program can be seen by the drop in number of screwworm cases during the last 3 years:

1962 - 50,000 cases reported (represents an estimated 10 percent of actual cases)

1963 - 5,000 cases reported

1964 - 223 cases reported

County Agent, Kirby urges all livestock men who have suspected screwworm cases to report them immediately and to use recommended control practices in treating their cattle to keep down the infestation.

Attention, Mothers and Fathers! You have an opportunity to go back to school this week. It is Public Schools Week. You are invited to visit your public schools. See what is going on. This chance comes but once a year, during Public Schools Week. Take advantage of the opportunity. Please find the time to visit your public school this week Public Schools Week.

and woman who had contributed to 4-H work on a district basis, district camp, God Star event and other business.

## Texas Opossums Taking Part In Colorado Leukemia Research

TYLER. — Patriotic Texas opossums are again contributing their annual bit to vital leukemia research pursued for several years at the University of Colorado Medical Center in Denver, according to Parks and Wildlife Department officials.

For ten years, female opossums, Texas variety, have provided the backbone for the precious studies which medical science hopes will ultimately lead to control of the mysterious blood disease, according to Dr. Matthew Block of the Denver school staff.

Texas participation in the effort had major significance from the beginning since a brilliant young department biologist was stricken fatally with leukemia.

In the routine of collecting the animal specimens, time has been the major item. Only pregnant females are acceptable, so high speed shipment is necessary because of the opossum's short gestation period. At first, the USAF provided training missions to rush the specimens from Texas to Denver, with many a caged furry creature getting the VIP treatment in a spare fighter-pilot seat.

Now, the demand has grown to about 300 each winter so regular air freight has been found adequate.

Key men in the 1965 version of "Operation Pregnant Opossum" are Game Wardens Hill Lawrence of Paris and John Jackson of Sulphur Springs. They recruit volunteer trap-

pers as part of their regular public relations contact duties. Under Texas law, opossums may not actually be bought, but the University is permitted to pay part of the transportation involved in delivering the animals to the wardens, or about \$1 each. The specimens are then sent COD to Denver.

Today's public schools teach more than the three R's, but the job of the school remains virtually the same. It is a basic institution in this great and free country. It teaches your children about the benefits of our way of life. It teaches them to enjoy and appreciate freedom. Visit a public school during Public Schools Week, March 1 through March 5, 1965 and see Democracy in Action.

## STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN, Tex. — If you want to sit in on the committee hearing for the bill which would legalize the sale of miniature bottles of liquor in restaurants, you better come early.

That's what Sen. Jim Bates of Edinburg, sponsor of the bill in the upper house, is saying. He expects as many as 3,000 persons will be at the Capitol to testify or to listen when the bill comes up before the Senate Committee on Jurisprudence at 2 p. m., Tuesday, March 16.

Bill would allow establishments where at least half of the monthly business is for meals to get a state license for the sale of 2-oz. bottles of liquor, enough for a single cocktail.

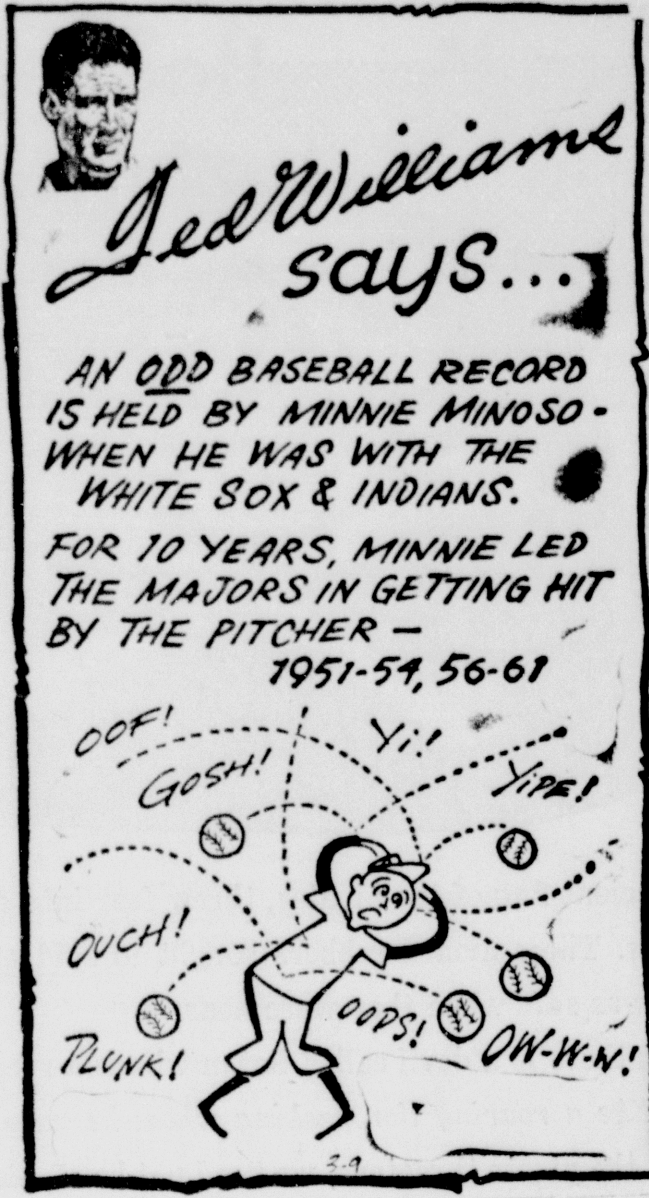

There's organized support on both sides. The line-up: — In favor, the Texas Restaurant Association, which

hopes the bill will permit its members to meet the competition of private clubs, which increasingly are getting the restaurant business from people who like a drink before dinner.

— Opposed, church groups which generally are against any liberalization of liquor regulations and a strange bed-fellow, the Texas Package Stores Association, which contends the bill as written would prevent liquor stores from continuing to sell beer.

The Texas Package Stores Association also believes the same section it opposes would prohibit restaurants from selling beer and wine if they sold miniatures.

A hearing is yet to be scheduled on the House version of the bill by Rep. Willis Whatley of Houston.

CONGRESSIONAL REDISTRICTING — Texas Republicans, whose lawsuit resulted in present congressional districts being invalidated, have offered their version of how the lines should be redrawn. Plan is embodied in a bill sponsored by Rep. Frank Cahoon of Midland, only Republican in the 59th Legislature.

The GOP product satisfies many objections raised to others introduced so far, since it disturbs fewer incumbents than any plan to date.

Only U. S. Reps. Graham Purcell of Wichita Falls and Omar Burleson of Anson would be facing each other as opponents in a newly-created Congressional District 13, and U. S. Reps. John Dowdy of Athens and Lindley Beckworth of Gladewater, in a newly-defined District 3.

Three new districts would be developed: A District 23, giving Harris County a third congressman; District 17, giving Bexar County and a group of South Texas Counties another representative; and District 7, giving Dallas County a second congressman. U. S. Rep. Joe Pool, who lives in District 7, but now is elected statewide, could thus retain a seat.

LAND PROGRAM RENEWAL PROPOSED — Voters will get another chance to say whether they want to continue the veterans land program under which thousands of Texas veterans have purchased farm property at low interest.

A proposed constitutional amendment to extend the program — first amendment cleared this session — was approved by the Senate and sent to the governor. Amendment will be voted on in November. Rep. Gus Mutscher of Brenham and Sen. Criss Cole of Houston are the sponsors.

SMALL LOAN HEARING — A housewife from Dallas told members of the House Committee on Banks and Banking that a \$50 loan, which she later decided she did not need in the first place, cost her \$1,500 over a three-year period by the time she went through renewals and additional loans to meet high interest rates.

She testified in a hearing on a bill by Rep. W. Reed Quillian Jr. of Lubbock, which would reduce interest rates on loans \$100 or less by one-half to two-thirds.

An association of small loan companies appeared to oppose the bill. A citizens committee from Dallas and ex-Attorney Will Wilson favored it. The bill went to a sub-committee.

GUADALUPE PARK ASKED Senate adopted a resolution by Sen. W. E. Snelson of Midland urging fast action by Congress to appropriate funds for buying land to create a Guadalupe Mountain National Park.

A federal agency has recommended that the park be created, and an area man has offered to sell 72,000 acres. Area contains the only stream in Texas where mountain trout thrive and is stocked with bear, mountain lion, elk, bighorn sheep, deer, turkey and a great variety of birds.

INTEREST BILL UP AGAIN Rep. James Nugent of Kerrville has reintroduced the a-

ment to the state conflict of interest statute which failed to pass during the last session.

Among the changes is addition of a section which would prohibit any member of the Legislature from introducing legislation which would directly affect any client or employer from whom the legislator receives a retainer fee or any other financial consideration during his term in the Legislature.

HORSES STALLED — Rep. V. E. (Red) Berry of San Antonio was left at the post again in his latest try to legalize race track betting on the horses.

Berry couldn't win for losing when he argued for a constitutional amendment to permit pari-mutuel wagering in Bexar, Dallas, Tarrant, Harris, Galveston, Hidalgo, Cameron, Midland and Webb Counties on a local option basis.

House Constitutional Amendments Committee tucked Berry's proposal away in sub-committee.

Frank Newsom, executive secretary of Racing Association, said his group preferred a bill by Rep. Maurice Pipkin of Brownsville (scheduled for House State Affairs Committee hearing on March 29). That bill would permit pari-mutuel betting at licensed tracks in all counties, subject to local option elections.

INTEGRATION COMPLIANCE NOTED — Texas Education Agency notified federal authorities of compliance with school integration requirements of Federal Civil Rights Act.

All but 160 of 1,350 Texas school districts also have agreed to comply, according to Dr. J. W. Edgar, state education commissioner.

Agreement is necessary to continue receiving \$40,000,000 in federal school aid.

Eight Texas school segregation laws now under court challenge, Edgar reported.

GUARD FORCES CUT — Texas National Guard forces will undergo reductions more drastic than anticipated under Guard-Army Reserve merger troop allocation plans announced by the Pentagon.

Maj. Gen. Thomas S. Bishop, state adjutant general, said Texas personnel will be reduced 4,645 from the 28,233 in the Guard and Reserves. And 155 of the present 367 existing units will be dropped if the proposal — still subject to negotiation — becomes final.

"This far exceeds the 25 per cent (reduction) that we were advised to expect," Bishop commented.

SHORT SNORTS "Equal legal rights for women" received another setback in the House, where the proposed constitutional amendment mustered only 91 of needed 100 votes.

Texas Commission on Higher Education picked three junior colleges and 11 four-year institutions to receive \$12,000,000 in federal building aid.

Bill to place game and fish regulation in all 254 counties under Parks and Wildlife Commission ran into strong

## Figures Show \$1,485 Deducted On Income Tax for Average Family

(Special to the Herald)  
NEW YORK — Residents of Jones County who are busy preparing their Federal income tax returns can tell how their personal deductions compare with the averages.

For their particular incomes, are they giving more or less to charity than most people? Are they incurring greater medical expenses or paying bigger local taxes than others?

Answers to these questions come from the Commerce Clearing House, national authority on tax and business law, and from the Internal Revenue Service.

The CCH has drawn up a chart, based on the latest official figures, showing just how the average taxpayer in each income class deducts for contributions, interest, taxes and medical costs.

In any individual case, if such deductions are unusually high, the taxpayer may be called in to explain and substantiate his figures.

For families with earnings equal to the average in Jones County, a total of \$1,485, or 20.5 percent of gross income, is generally deducted, the reports show.

Where earnings are lower than those locally, the amounts that are deducted represent a larger portion of income. The reverse is true in the higher brackets.

The Government finds that taxes and interest are the biggest deductions among lower income groups. Nearly everyone who itemizes has deductions for local taxes as well as for gifts and contributions. But fewer than 60 percent list medical expenses because of limitations placed on such deductions.

The \$1,485 deduction that is

opposition at House Game and Fisheries Committee hearing, was sent to sub-committee.

House amended Senate-passed bill to require imported meat to be so labeled.

Final approval has been given a bill by Sen. Bruce Reagan of Corpus Christi, which adds milo maize seed and safflower to the list of products from which oleomargarine can be made and sold in Texas without payment of the 10 cents a pound tax.

State Treasurer Jesse James reports that revenue from cigarette tax stamps in February totaled \$5,600,000 or \$1,000,000 over February, 1964.

found to be normal for the average income prevailing in Jones County consists of contributions totaling \$255, interest payments of \$470, taxes of \$445 and medical outlays of \$315.

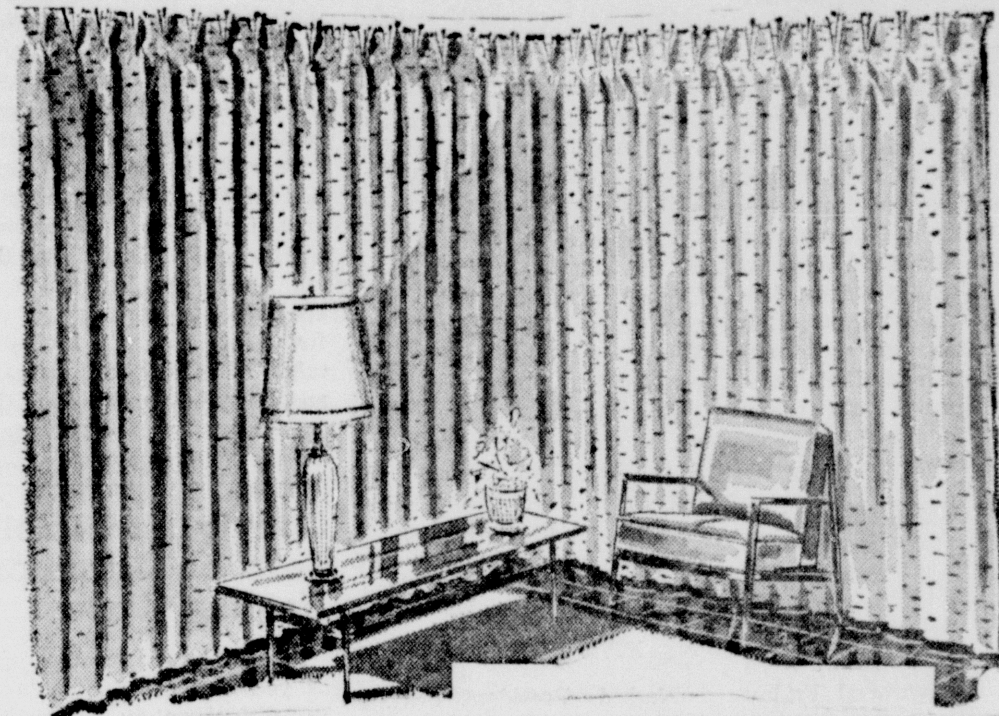

For local families in other income ranges, average deductions are as follows: \$8,500 income, deduction of \$1,660; \$12,500 income, \$2,170; \$17,500 income, \$3,030.

The reports note that these are only guideline figures and do not mean that they are the amounts that would automatically be allowed by the Government. Deductions must be supportable by records.

### NEW BRILLIANCE FOR THE STUDENT

... With the TENSOR STUDENT LAMP, a rugged, all-metal high-intensity lamp designed specifically for student use. This mite-sized lamp weighs only 2 pounds, takes up less than six square inches on a crowded desk, yet produces a powerful, glare-free light of sun-like brilliance.

Key to its amazing performance is the Tensor-engineered transformer that steps down the voltage of a standard AC socket, steps up light intensity to the equivalent of a 100-watt conventional desk lamp.

The Tensor Student Lamp provides the perfect light for reading, for desk use at home or in the dormitory, for library work, for microscope illumination, for drafting, for dissecting, for specimen study, for model construction. It makes those last-minute cram sessions a lot easier on the eyes, too.

The lamp's flexible gooseneck arm and swivel reflector let you direct the light precisely where you want it. Yet it's practically tip-proof, thanks to its weighted base. It's good looking, too, with its neutral gray wrinkle finish and chrome gooseneck.

So brighten things for the student prince (or princess) in your family by getting him a Tensor Student Lamp. You'll find it encourages good reading and study habits. Warning: if there are more than one student in your household, better get a Tensor Student Lamp for each. People become very attached to their Tensors, don't surrender them easily.

Tensor Student Lamp: \$995

## YEARS AGO...

### FORTY-FIVE YEARS AGO

At the residence of Rev. Sam C. Vaughan Saturday night, Jasper L. Davis and Della Smith were united in marriage.

Eva Lee Moore was a visitor in Sweetwater first of the week. She was accompanied home Wednesday by Ella Brand.

J. H. Townsend and Emily Kutach of Hamlin were very happily united in marriage on March 2.

Fire almost completely destroyed the F. W. Gattis home in Southwest Hamlin Thursday night.

### THIRTY-FIVE YEARS AGO

Mrs. J. L. Eakin, Mrs. Burns Eakin and Mrs. Forrest Boyd returned Sunday from Vernon, where they had been to visit Mrs. J. B. Eakin's brother, who is very ill.

Prentice Graham and wife of Wichita Falls visited their parents, Mr. and Mrs. W. S. Graham, Sunday and Monday. Charlie Myers returned Wednesday from a business trip to the Rio Grande Valley.

W. N. Temple was in Lamesa last week looking after his farm interests and visiting with his son, Earl Temple, and family.

### TWENTY-FIVE YEARS AGO

Mrs. C. Weldon Griggs, teacher in the Swedonia school, is leaving this week to join her husband at Dayton.

Bernice Whiteley and her father, J. F. Whiteley, were called to Brownwood Friday.

**CLEARANCE SALE**

to attend the funeral of Mrs. M. B. (Brox) Whiteley, who died Friday.

Mr. and Mrs. W. B. Weatherly of Kermit and Mr. and Mrs. W. W. Courtney and Mrs. S. R. Camfield of Pecos are here to be at the bedside of their mother, Mrs. G. R. Bates, who is ill with pneumonia.

### FIFTEEN YEARS AGO

Some \$1,170 had been raised in Hamlin community for the Red Cross membership drive, exceeding the \$1,000 goal, according to W. C. Russell, fund chairman.

C. E. Ball Jr. of Hamlin, recent graduate of the University of Texas at Austin, has reported for duty with the Celotex Corporation at headquarters in Chicago, Illinois.

### TEN YEARS AGO

First segment of Hamlin residential street paving in Hamlin will be surfaced this week, according to Mayor Willard Jones.

Good interest in the schools of the Hamlin district is reflected in the current visitation program of Public School Week, according to Superintendent I. R. Huchingson.

Second candidate for a place on the city ticket went on Saturday an hour before closing time when Delma Shelburne filed for reelection. A Spencer previously had filed for reelection.

### FIVE YEARS AGO

Named President of the Hamlin Rotary Club for the new club year beginning July 1 was Dr. J. E. Harrison, dentist. He will succeed C. F. Cook. New officers were named last Wednesday at the regular luncheon meeting.

Blizzards and other weather fails to halt donation to the 1960 March of Dimes. More than \$1,000 was raised according to Marvin D. Carlton, drive chairman.

### Texas Grocers To Meet March 7-9

HOUSTON — Food Store Owners from across Texas will gather in Houston March 7-9 for the fifth annual Mid-Winter Conference of Texas Retail Grocers Association.

The three day meeting will deal with "Principles of Management" and will be conducted by James K. Henderson, assistant sales manager for the Houston Division of the Carnation Company.

Leslie L. Speir, of Groves, president of the 6,000 member trade association, said grocers, their employees and representatives from allied food industries are expected to attend

## Seats Available for Four of First Five Astro Games

There are still plenty of good seats remaining to four of the Houston Astros first six games in the Astrodome Stadium when the world's first indoor baseball games will be played, it was announced this week by Astros ticket manager Dick McDowell.

Ample box and reserved seats are still available for the following games: Saturday, April 10 - 1:30 p. m. - Astros vs. Baltimore Orioles. Sunday, April 11 - 1:30 p. m. - Astros vs. New York Yankees. Sunday, April 11 - 7:30 p. m. - Astros vs. Baltimore Orioles. Monday, April 12 - 7:30 p. m. - Astros vs. Philadelphia Phillies in the official National League opener.

Fans may order tickets to the Astrodome opening games by sending check or money order to: Tickets, Houston Astros, P. O. Box 1691, Houston, Texas 77001, or they can order tickets in person at the Colt Stadium ticket office Monday through Sunday from 9:00 a. m. to 5:00 p. m. Fans ordering by mail should specify type of seat (box at \$2.50 per seat or reserved at \$2.50 per seat), date and time of game, location desired — home plate area, first base or third base.

"Our mail indicates that fans are under the impression we are sold out for each of the first six games," McDowell said. "This simply is not true and I want to assure fans that good seats are still available for those four games."

## County Agent Soil Tests be Given for Healthy Crops

Plants have appetites just as you and farm animals do. But unfortunately, plants can't vary their available foods at will to match their appetites for a balanced diet, explains County Agent Kirby Clayton. A soil test helps to determine how much and what kind of each fertilizer element to add to produce a healthy yield of any crop.

He emphasized that before a major soil fertility program be undertaken, two questions should be asked: "Are you sure of the fertility conditions of the soil, and do you know what kind and amount of fertilizer to use on crops for top yields and top profits?"

Instructions on taking soil samples are available at the county Extension Office, the conference.

In connection with the meeting, Speir has called a special session for president and secretaries of all local grocer's associations throughout the state to study issues facing the food industry in 1965.

Stones used to beat other stones into shape are assumed to have been the first tools used by primitive man.

Call your news to the Herald.

## PIRATES NEAR?

The jolly roger, the ancient flag of the pirates, threw fear into every ship that sailed the high seas. These armed robbers sought to raid every ship they came across. None was safe when they were near.

The Bible teaches that there is a devil called Satan who is a robber and a thief, who "goes about like a roaring lion seeking whom he may devour." (1 Peter 5:8) But when the pirate threatens, we need not be afraid. We are encouraged by Romans 8:38 & 39: "For I am persuaded, that neither death, nor life, nor angels, nor principalities, nor powers, nor things present, nor things to come; nor height, nor depth, nor any other creature, shall be able to separate us from the love of God, which is in Christ Jesus our Lord."

Our faith in Christ can overcome Satan's fiery darts. Through Him we can overcome all. We invite you to attend the Church of our Lord this week.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

## On sale now through April 30th! Big travel bargain for cities along Santa Fe

It's Chico Bargain Fare time again on the Santa Fe—through April 30, 1965.

For example, a regular round-trip ticket costing \$100 will be sold at the off-season bargain fare of \$80. Round trips costing \$75 now will be only \$60, and similar reductions will apply for round-trip tickets from all stations except for local trips within the State of California.

No matter where you travel on Santa Fe trains, round-trip bargain fares will save you approximately 20%. Tickets on sale every day with a return limit of 30 days. Yes, bargain fares apply for both round-trip coach and first-class tickets.

Now you can leave the car at home and save money traveling by Santa Fe.

See the Santa Fe Agent in your home town for complete information

# Spring Fashion Theme: Soft Lines, for Worlds of Flattery!

There's a slightly prim and proper feeling to new spring fashions, and it's underscored by the Victorian and Edwardian mood of many of the latest accessories. It's all part of the feminine movement in fashion and it's all most flattering!

Fabrics such as airy crepes and basketweave wools are helping to create this softer look for spring, aided and abetted by such touches as trapezoidal detailing on coats, ruffles and bows on shirts, soft sectioning and shirring on dresses and the soft, drapery look of many new hats. If fashion for Spring 1965 could be summed up in one word (which it couldn't) the best word to select would be soft.

To illustrate the variety to be found on the spring scene, coats are both shaped and skinny for spring — take your choice! Many of them feature hidden closings, new beltings and deep armholes. Wrap coats are an important new look, while above-the-ankle coats are making a spectacular appearance.

Suit styles also vary, from the dirdl to the lean silhouette. Special interest is focused on the big little suit with its flared skirt, precision-shaped jacket and soft, ruffled shirt, with the 3-piece suit continuing to gain attention. Skirts are often fuller or gathered on a bias band, and topped with longer or hip-flipping jackets. Pantsuits echo the excitement over pants in a refined way by camouflaging them with a neat overskirt, while the Mary Poppins suit typifies spring's prim and proper look at its most becoming.

Dresses for spring favor swinging pleats and go to extremes with either low belting or high skimmer styling. Enveloping collars and bulky loose jackets top many of the new designs and the popularity of the A-mod style reflects the Victorian influence on spring fashions in general. New too, is the cape dress — another reflection of the same mood.

Spring hats are prettier than ever and more feminine than ever! The soft look is seen everywhere in turbans, or little hats with ostrich sweeps and tasseled caps. Brims are in evidence too, particularly in black leather swaggers. But the "small head" look prevails, often featuring back interest such as bows or drapes. Many hats have a tied-up kerchief effect and softer fabrics such as velvet, wool jersey or silk have come into their own.

In sportswear, everyone's jumping into stretch jump-suits and of course, the big news is the pantskirt. Culottes have been cited and are seen not only in skirt form but also as culotte-dresses. Here the look is still snappy and young, mode and yeye, bringing the new English chic into prominence. Sometimes copying the English school boy, this look features delicate little detailings, miniature prints and foulards, longer jackets and swinging skirts, plus crisp white collars.

The new units for spring are featuring distinctive patterns and interesting textures: ridges, lacy looks, airy and open weaves, "smoke rings,"

crinkly stripes, accented diagonals, herringbones, and chenilles.

Bootleggers, or up-to-the-knee stockings that are cuffed closed with shoe laces, provide new excitement, along with stretch nylons. Some hose feature over-the-knee garter tops — all are designed to make a woman feel more like a woman, and to make a man notice!

No sportswear story would be complete without sweaters and this season the variety is greater than ever. There are skinny ribbed styles that hug the body — sissified sweaters with crocheted lace edging — long, lacy, looks — sweaters striped like T-shirts — styles that feature enormous zippers — and the long-waisted look everywhere!

For evening, elegant crepes and delicately patterned cotton laces set the stage for both little dresses and the important costume look and the disco dress is still going strong, whether shaped simply, like a slip or flirtatiously ruffled.

The new spring look doesn't stop there — it goes all the way to milady's toes with shoes that feature soft and fragile silk straps of stretch sides and backs of elasticized peau de soie. And the little T-bone cut shoe is busy making its mark everywhere.

In fabrics, the trend is toward brush stroke patterns, fine-line piques, dashing diagonals and small-scale prints. Good news for travelers is the emergence of new linen-look fabrics that keep their fresh appearance from morning until night, and travel with ease.

Handbags have taken a cue from the new feminine fashions and are favoring soft, mellow leathers, suedes and reptiles in newer smaller shapes. Many bags feature fine little dressmaker pleats and tucks, and are reminiscent of the twenties. Shoulder bags continue in popularity, while others are dangled on short straps or chains. Often bags have both, for versatility and double duty.

**3-PIECE FASHIONS STUDY IN BROWN**—with a traditional air that will take you smartly through the weather vagaries of Springtime. A brown linen-y blazer with long lines and three pocket flaps is teamed with a dainty dacron cotton blouse. Brown-edged ruffling pretties up the neckline, showing at front of pearl buttoned jacket. The ruffled look appears again at elasticized cuffs of long sleeves. Tiny bead buttons add an additional dainty accent. A-line skirt in shepherd's check has front action pleats and a patent belt.

## Jones County LVN's Have Program on Ethics, Grooming

The Jones County Licensed Vocational Nurses Association met for the regular monthly meeting in the home of Mrs. Cecil (Minnie) Brown, 106 S. W. Ave. G. Hamlin, Feb. 23, at 7:30 p. m. with Arzelle Voss, president presiding.

Invocation was given by the president calling the meeting to order. Roll call was checked by E. Wallace, Recording secretary.

Treasurer's report was given by Myrtis Rainwater who called attention to the need for the Way's and Mean Committee to present some workable plans in the near future. Hazel Higdon, chairman of the ways and means committee presented some plans for study to be reported at the next meeting.

Handbooks for L. V. N. A. of Texas, Duties of the Standing Committees and the By-laws were distributed to the members present.

The group voted to have board meeting thirty minutes prior to the meeting each month.

Following the business session, Vivian Flynt introduced the speaker for the evening, Mrs. Doris Welborn, R. N.

Surgical Supervisor of Anson General Hospital. She brought a very informative discussion on "Ethics and Good Grooming for the Nurse". Mrs. Welborn stressed the fact that the nurse should at all times present a neat, well groomed appearance, with the hair styled in a simple manner, to be in accord with the dignity of the uniform. Hands and fingernails are given special care since they are constantly in sight and contact with the patient.

She said, also, that the whole person was used in caring for the sick, and therefore, the cherished gift of personality should be developed to its utmost. Many good rules of nurses' ethics were discussed.

Refreshments were served by the hostesses Mrs. Brown and A. Dixon, to the following members: From Anson V. Flynt, N. Stephenson, G. Baum, M. Rainwater, A. Voss and the speaker, Mrs. Welborn, from Hamlin: H. Higdon, E. Wallace, a guest, Mrs. A. Herbert, Supervisor from Stamford, and the hostesses.

Benediction was given by M. Rainwater. The next meeting will be in Anson, Mar. 23.

## KEEPING UP TO DATE ---

### LABEL PROVIDES IMPORTANT CARE INFORMATION.

Read the label for clues in finding easy-care garments, says Mary Y. Newberry, Jones County Home Demonstration Agent.

A good label will give the name of the manufacturer, the fiber content and finish of the fabric, and laundry or cleaning instructions.

"The label should indicate how much ironing the garment will need, and the colorfastness and shrinkage resistance," the agent says.

If the garment doesn't have such label, you may not want to buy it.

If the garment is a synthetic or a blend, more than half the fiber content should be a wash-wear type. If the garment is cotton, look for a name brand finish.

Even a lightweight fabric should be sturdy — a sleazy fabric just won't stay looking nice. Examine seams and construction points before buying. The seams shouldn't pucker — they should be flat-felled or finished to prevent fraying. Buttonholes should be free of loose threads.

**KEEPING UP TO DATE HOME LAUNDRY AND SELF-SERVICE LAUNDRY COSTS**

A round-cut diamond has 58 facets.

## B&PW Club Hears Rev. Bryant Tuesday to Mark Special Week

Rev. Bryon Bryant, pastor of First Baptist Church, was the guest speaker at the public relations program of the Hamlin Business and Professional Women's Club Tuesday night.

Mrs. Ned Moore introduced the speaker who discussed the who, what, when, where, and why of public relations.

The civic participation committee was in charge of decorations and members served as hostesses. Mrs. John Howard Jr. was chairman. They used the St. Patrick's motif in the table decorations.

Miss Lennie Greenway, president, presided at the meeting and introduced the following guests:

### 'Rainbows of Fashion' Theme For Style Show

"Rainbows of Fashion" will be the theme of the style show to be presented tonight (Thursday) by the Homemaking Department at Oscar DePriest High School.

The show will begin at 7:30 p. m. in the DePriest Auditorium. Thirty students will model their class projects in clothing construction. The girls are under the supervision of Miss Billie Lewey, Home Economics instructor.

A rainbow background will be used to carry out the theme.

### Dinner Honors Mrs. J. A. Tate

Mrs. J. A. Tate was honored on her 83rd birthday with a dinner Feb. 28 in her home. Her daughters, Mrs. E. L. Burleson of Lockney, and Mrs. R. Y. Cloud of Hobbs, New Mex., prepared the dinner and relatives of the honoree were guests.

Guests were Clyde Hughes, Hamlin; Mr. and Mrs. L. C. Hughes, Waco; Mr. and Mrs. J. K. Hughes, Mr. and Mrs. Alton Watts, Abilene; Mr. and Mrs. Clifford Buntin, Petersburg; Walter Watts, Ocie Watts, Anson; Mr. and Mrs. Burleson and Mrs. Cloud.

Hair accessories will stage a big comeback in the next few months. New feminine hairstyles are ideal for bows, barrettes, tiaras and hair bands. Interesting new materials are being used for these such as leather-look plastics, braided and embroidered weaves and stretch knits for bands, according to the Lilt Reference Service.

Recent interviews of the nation's top beauty editors show that the popular new look in hair styles is short but not shingled, wavy, but not "marcelled". The most important new words, according to Lilt Reference Service, are fluffy, ruffled and casual curls.

## BIRTHS

Mr. and Mrs. Leonard George Cullum of Swenson are parents of a girl, Shelia, born Mar. 3 at 1:56 p. m. She weighed 8 lbs.

Mr. and Mrs. Clarence Kite Harper are parents of a boy, Michael Kite, born Mar. 5 at 2:55 p. m. weighing 9 lbs 7 oz.

IN JUST 24 HOURS,

Pep up kidney function or your 39c back. Getting up nights, irregularity, aches and pains may be caused by functional kidney disorders. BUKETS, a gentle tonic-diuretic, helps nature increase, regulate passage. NOW at Waggoner Drug Co.

## Jones County's 260 Retail Stores Had \$27.2 Million In Sales in 1963

Jones county's 260 Retail Establishment had \$27.2 million in sales in 1963, an increase of 16 percent from 1958. The U. S. Bureau of the Census has just reported after tabulating data gathered from all firms in the 1963 Census of Business. The last previous business census conducted by the census bureau an agency of the U. S. Department of Commerce, was in 1958.

Retail trade in the county meant jobs (exclusive of proprietors) for 812 men and women and a yearly payroll of \$2.3 million.

In volume of business the county's food stores had sales of \$5.2 million an increase of 3 percent from 1958. In other retail business—the county's eating and drinking places had sales of \$897 thousand, and gasoline service stations had sales of \$2.4 million. Auto dealers and related retail trade establishments and sales of \$8.8 million; general merchandise group stores had sales of \$903 thousand; and lumber, building materials hardware and farm equipment dealers had sales of \$4.4 million.

For the state as a whole, the Census Bureau reported 96,406 retail establishments with sales of \$127.54 million, up 18 percent from 1958.

Census reports to be issued during the next few months will give state and county figures on wholesale and service trades, manufacturing and mineral industries.

Figures on number of establishments in each county are provided in the printed report: 1963 Census of Business Retail Trade, Texas. Available at \$1.00 from Superintendent of Documents, Washington, D. C. 20402 and at U. S. Department of Commerce Field Offices.

Texas public schools teachers are facing more problems today than ever before. High on the list of reasons for this situation are the difficulties involved in presenting instruction on whole subjects or portions of subjects which cannot be properly taught using normal classroom methods.

Many teachers in the State... particularly counsellors and health and physical education teachers... have found a solution to this problem through the film library of the Texas State Department of Health in Austin.

The library offers the largest selection of films in the Southwest and makes the films available on an easy, effective manner. Any teacher, or any interested person, for that matter, may request and use a film on a topic related to health by contacting the Health Department.

## Pecan Trees Recommended For Both Shade and Edible Nuts

COLLEGE STATION. — If you plan to plant trees this spring, Texas' state tree, the pecan, might be a wise choice.

One of the most widely adapted trees in Texas, the pecan serves a dual purpose. Not only is it a stately shade tree, but if properly cared for, it can produce good, edible nuts, says B. G. Hancock, Extension horticulturist at Texas A&M University.

"One of the most important decisions to make is the selection of a proper variety," says Hancock. "Hundreds of varieties are available but only a few are specifically adapted to given areas and interests."

Mahan and Stuart varieties are most widely used for shade purposes because of their strength and desirable habit of growth.

Mahan is the most widely distributed variety. It can be grown in practically every area of the state. Stuart is best adapted to the Gulf Coast and Eastern and Central Texas.

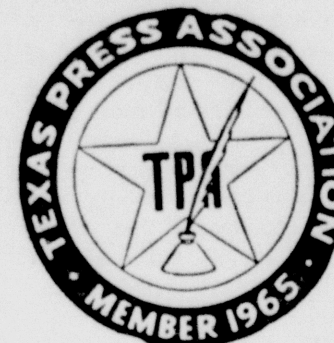

Choctaw, one of our new USDA varieties, shows promise of being a good all purpose shade tree in the Gulf Coast Eastern and Central Texas.

Desirable and Success varieties are popular where production of high quality nuts is of primary importance. However because of their structural growth habits, neither is ideal for shade purposes. They are best adapted to Central and East Texas.

Wichita, Western Schley and

Early Spanish soldiers in Texas, regarded as employees of the government were required to furnish their own uniforms, horses, arms and feed.

The natural gas industry of Texas began in 1870 after a farmer in Washington County accidentally ignited gas in his water well.

## Premium voiceways for out-of-the-way places

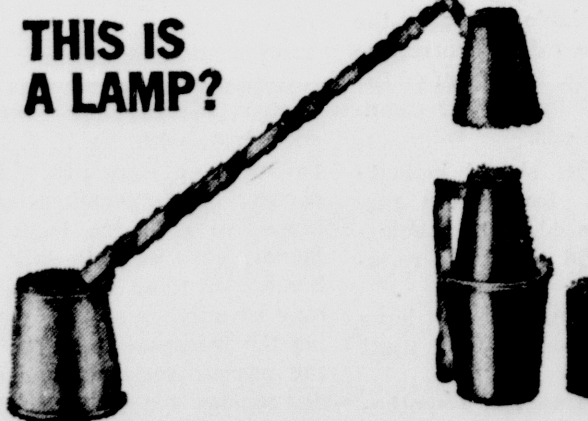

This year, Southwestern Bell is going the extra mile, literally, to make rural phone service even better than it is. And the difference for most customers will be immediately noticeable.

For example, in many exchanges, suburban telephone service boundaries are being extended miles farther into the countryside to make higher quality phone service available to more people. And hundreds of miles of new telephone cables will go into service replacing "open wire" lines. Airtight and impervious to moisture,

these new cables provide hi-fi clarity plus greater dependability (phone wires inside them are safer from storm damage and weathering).

Undertaken at a cost of nearly half a million dollars, these rural service improvements are part of this year's massive construction effort (our biggest ever). An intensified program to further improve the quality of the fine telephone service you now have, whether you live in town, on a farm or ranch. You might call it a communications bonus from Southwestern Bell.

## THIS IS THE NEW LAMPETTE

This brilliantly designed, high-intensity lamp concentrates glare-free, pure-white light just where you need it—and then telescopes into itself for lightweight portability! Perfect for school, home, office, traveling. Fully adjustable. 2-position switch. Ideal for desk, hobby bench, drawing or vanity table and for wall-hanging. Gray, white or black with satin-finish chrome. Price including bulb: \$19.95

## Celotex to Move Home Office From Chicago to Tampa, Florida

The Celotex Corporation, which became a wholly-owned subsidiary of Jim Walter Corporation last year, will move its corporate headquarters to Tampa, Florida, the site of the parent company headquarters. The move from present headquarters at 120 S. LaSalle St., Chicago, will begin soon and is scheduled for completion by late summer this year, a company spokesman said.

Other Celotex facilities in the Chicago area will remain in their present locations. These include the Celotex research center in Des Plaines and offices located at 205 W. Monroe St. and 30 E. Adams St.

The decision to move was based on a long range economic study which showed that locating company management in the same city would improve efficiency and eliminate many duplications of effort, the spokesman said.

Jim Walter Corporation and Celotex presently use many similar office facilities, including electronic accounting equipment, which can be shared with greater economy and effectiveness, he said.

Celotex headquarters present Jim Walter Corporation central office in Tampa, plus a new multi-story building to be erected adjacent to the existing facilities.

The Celotex Corporation was founded and established its headquarters in Chicago in 1920. Since that time it has grown to become one of the world's leading building materials manufacturers with plants located in Louisiana, Texas, Tennessee, California, Wyoming, Michigan, Iowa, Ohio, Indiana and Pennsylvania.

Mustangs were being ridden by Indians in Texas before the first explorers came into the area.

During the period of the Texas Republic land promoters advertised that it was cheaper to raise a cow in Texas than a chicken, and it was.

### A WINNER FOR THE FIFTH TIME

For the fifth consecutive year West Texas Utilities Company has been awarded first place in the Bureau of Safety Motor Vehicle Accident Prevention Contest. The 1964 award was presented to WTU President S. B. Phillips (right), by Ray Gillan of the Bureau of Safety at the annual management conference in Abilene.

WTU's frequency accident rate for the past 5 years is three accidents for every million miles driven. The national average for electric utility companies is twelve accidents for every million miles, or four times that of WTU.

In 1964 WTU vehicles were driven a total of 5,397,374 miles with only 25 chargeable accidents.

## FAIRVIEW NEWS

By MRS. ELMER JOINER

An unusual thing happened last week weatherwise in that the wind stayed in the north for eight days and nights. Some days were cold, some were mild, but it seemed that a new norther blew in almost every day, keeping the wind blowing from the north, but this Monday morning it is in the south, but a new front from the north is in the prediction. Cold north wind is a lot more agreeable than sandstorms, and after all this is March.

We still have some sick folks among us, seems like they just all cannot get well at once. Mrs. Flavil Holmes came home from the hospital, but is still not well. Mr. Holmes is sick now, with one of the bugs that are going around. Little Keenan Wright spent the last week in the hospital, going home Sunday. Mr. Bill Newland has also been in the hospital with the flu. Mrs. H. L. Ford was able to be back in church Sunday, after a long siege with an infected throat, however she still isn't well, just up and going.

Rev. Kenneth Leverett went to Abilene last Tuesday night, where he attended the American Heritage Banquet, held in the A. C. C. cafeteria, honoring the school teachers of the area. Mr. A. E. Wells was the speaker, his subject being his trip to Russia. Mid week services were held last Wednesday night in the home of Mr. and Mrs. Woodrow Goodwin, with twelve attending. A called deacons meeting was also held. Mr. and Mrs. Winson Gray and Mr. and Mrs. Woodrow Goodwin were out visiting

last Wednesday afternoon, stopping first with the Elmer Joiners, then going on to Anson and visiting with Mr. and Mrs. E. C. Gray.

Mrs. Elmer Joiner and Mrs. Runt McCoy went to Anson Thursday, where they attended a leader training meeting, as representatives from the Friendship Club. Every one brought a dish and lunch was served at the noon hour in Mrs. Newberry's office.

Tuesday visitors of Mr. and Mrs. E. A. Henry were Mr. and Mrs. H. L. Matheny, of Andrews. Mrs. Matheny is a sister of Mr. Henry.

Mr. and Mrs. Winson Gray ate supper last Friday night, with Mr. and Mrs. Landon Loper, of Anson.

It was so good to see Mr. and Mrs. Roy Watts, former members of our church, in services Sunday morning. Sunday visitors of the Drake family were, Mrs. Robert Johnson, Mr. and Mrs. Ed Braunsch, Mrs. Clifford Eoff and sister Ina Henderson. This was Miss Della Drake's birthday, she said she didn't care for telling that it was her 78th.

Sunday afternoon visitors of the Woodrow Goodwins were Mr. and Mrs. Emmitt Chastain, and Mr. and Mrs. Ralleg Bond, all of Hamlin. Mr. and Mrs. Runt McCoy went to Houston over the weekend, where they visited with his younger brother, Larry McCoy and family.

An inquiry about the condition of Mrs. Buck Richie, disclosed the fact that she is doing fine, following the amputation of her second foot, some time ago. Owing to the fact that the big bone has not healed sufficiently, she has not been fitted with another limb, but is up and around in her chair. After getting another artificial limb she hopes to be on her feet again, the main thing it takes is will power and she has that.

Family night will be held Wednesday night at the church, with a pot luck supper before the services.

Fairview church has been invited to the Holiday Lodge next Sunday, to conduct the services. We always enjoy our time coming to go, for we get a big welcome and enjoy meeting the residents of the home, away from home, that are not able to attend church services any where else.

### More Pilots Needed By U. S. Air Force

The Air Force announced an accelerated drive in its procurement program for Pilots according to Sgt. Robert H. Sanders, local Air Force Recruiter. Sergeant Sanders said that the training required to be an Air Force pilot was long and challenging, but it offered a rewarding adventure to those who qualify to wear the silver wings of a pilot.

For full details on the pilot or navigator program, contact Sgt. Sanders at Room 2111, Post Office Building, Abilene, Texas or call OR 2-8949 Collect.

Diamonds of industrial quality were discovered recently near Jerseyville in Illinois.

## 'Spring Cleanup '65' Project Being Sponsored by N. H. S.

by Nancy Ford  
Carolyn Reynolds  
Marolyn Reynolds

"Spring Cleanup '65" is the new project being sponsored by the National Honor Society. Each week emphasis will be placed on different phases of the theme. The campaign began this week with stress on cleanliness in physical surroundings. Bulletin boards have been prepared and put up in every room by the N. H. S. members with such slogans as, "Stash That Trash," "The Cleaner the Work Area, the More Efficient the Worker," "The Visitor Judges Our School by its Cleanliness." Also, thoughts about the topic are being announced over the intercom every day, and signs are being placed in the halls. Cleaner rooms prove that progress is already being made.

### State Draft Quota Up for April

AUSTIN, — The state draft quota for April calls for 518 men, compared to 315 for March. Colonel Morris S. Schwartz, state Selective Service director, said Tuesday.

The state quota of 518 for April is the Texas share of a national call for 13,700 men, all for the Army.

The state Selective Service director also announced that state draft boards will forward around 4,170 males for Army mental-physical examinations in April, 2,364 of whom will be 18-year-olds.

Tyler, Texas, home of the annual Texas Rose Festival, is known as the "Rose Capital of the World."

## Rep. Omar Burleson Says Oil Imports Hurt Balance of Payments

WASHINGTON.—Rep. Omar Burleson (D-Tex.) said today that something must be done about the increasing outflow of dollars due to oil imports if the chronic deficit in the Nation's balance of payments is to be "successfully attacked."

Pointing out that the value of oil imports exceeds oil exports by \$1 billion a year, he said tanker transportation costs paid to foreigners and U. S. military purchases of foreign oil bring the Nation's deficit due to petroleum to \$1.5 billion yearly.

The Texas Congressman said the adverse balance of trade in petroleum has ranged from a low of 27 percent to a high of 40 percent of the total U. S. payments deficit exceeding \$3 billion yearly in the six years 1958 through 1963.

Commending President Johnson for his strong message to Congress calling for action on the payments deficit, Rep. Burleson called on the Administration and the Congress to "take remedial action" to curb oil imports and foreign oil purchases by the Department of Defense.

Rep. Burleson is author of a bill (H. R. 2177) which would reduce oil imports 375,000 barrels daily from the present 2,200,000 barrels a day, and limit defense department purchases of foreign petroleum light products to 15 percent of total requirements for these products.

These two actions, he said would "reduce the deficit in international payments by some \$500 million annually. This would be a meaningful and substantial contribution toward solving the payments problem."

He said his proposal would serve two purposes: "First, it would make the present mandatory oil imports program more effective in serving its national security objective of a healthy domestic oil industry. Second, it would aid substantially in reducing our deficit in international payments."

Rep. Burleson condemned the

Defense Department practice of purchasing an ever-increasing share of its petroleum products in foreign areas. Pointing out that these foreign purchases have increased from 13 percent of military requirements in 1954 to 35 percent in 1964, he said:

There is no justification for the Department of Defense to purchase an increasing portion of these products from foreign sources. On its face, it is unreasonable for the Department to purchase 35 percent of its requirements for these products from foreign sources."

He noted that repeated appeals to Defense officials for reductions in foreign oil purchases, now costing \$300 million yearly, "have been ignored," and the department has seen fit to continue to purchase an increasing portion of its requirements abroad.

Burleson said this policy of the Defense Department serves to aggravate the imbalance of payments, and runs "directly contrary to the purpose and objective of the Mandatory Oil Import Program" which he said is designed to maintain a healthy oil industry in the United States.

While the Defense Department "would (seem) to have a primary interest in doing everything possible to implement the oil import program and alleviate the imbalance of payments problem," he said:

"The conduct of the Department suggests that it is callous to the economic plight of the domestic oil industry, to the Government's objective in the oil import problem and to the balance-of-payments problem."

Burleson suggested, "since the department has not been disposed to take corrective action," that the House Appropriations Committee "give consideration to inclusion in the Department of Defense appropriations act of a restriction that would limit the purchase of petroleum light products from foreign sources to a more nor-

## Calf Weaning May be Helped by Making Mother's Milk Taste Bad

COLLEGE STATION.—The setback calves suffer at weaning may possibly be reduced by feeding the mother some material which gives her milk a bad taste, says Dr. Jan C. Bonsma, visiting professor at Texas A M University.

Dr. Bonsma, a famed animal scientist and head of the Department of Animal Science at the University of Pretoria, Republic of South Africa, says that calves lose a tremendous amount of weight during the weaning period.

"Weaning calves are nervous. They run around a lot and don't eat properly. Under most range conditions calves at a weaning age, usually six to

eight months, are often heavier than at one year because of this setback."

"I have observed calves become reluctant to suckle when their mothers had eaten certain plants which give a bad taste to their milk," said Dr. Bonsma.

"It seems that if some substance that give milk a repulsive taste was fed to the cow around weaning time, then possibly the calf would gradually wean on his own without the usual nervous stress," he said.

Dr. Bonsma plans extensive work on this project when he returns to the University of Pretoria this summer.

Dr. Bonsma was bought to Texas A M for one year by a Wortham Foundation grant.

## As It Looks From Here . . .

Omar Burleson, M. C. 17th District, Texas WASHINGTON.—In The Last Year Or Two, and particularly in recent months, we hear and read of the danger of the proliferation of nuclear weapons. More and more will be heard about it in the months ahead.

Behind The Nuclear Test Ban Treaty and the creation of the Arms Control and Disarmament Agency was the fear that more and more nations, and particularly those who have exhibited no world responsibility, will develop the capability of producing the nuclear bomb.

As Far Back As 1960 there was strong indication that the Red Chinese would be able to explode an atomic device. They did so at least 8 or 9 months before it was expected, except for only a few days before it happened.

What Is The World Going To Be Like when Sukarno of Indonesia, Nassar of Egypt, the State of Israel, and perhaps half a dozen other nations develop their own nuclear bomb? It is frightful to contemplate, because in many parts of the world human life is relatively cheap. Chinese leaders said a long time ago that the loss of 100 million people in China would be meaningless to them. Their attitude is real and was made to emphasize that retaliation was no deterrent at all to them.

Red China Does Not Yet Have the ability to deliver their bomb to a target, but it must be assumed that if they are able to develop and detonate a nuclear bomb, indeed they will in time be able to develop a missile, booster or a manned bomber capable of offense against others.

In A Speech Soon After The First Of The Year, Free China mal level of about 15 percent of total requirements for these products."

He charged that the policy followed for several years by the department "requires that Congress take action in order to bring the oil purchasing policy of the department into more logical balance."

ese President Chiang Kai-shek had this to say, "The Chinese Communists have been given a chance to grow strong enough to test a nuclear device. There is still the belief that compromise in the U. N. or empty gestures such as disarmament and adherence to the partial nuclear test ban can relax aggression, prevent Communist infiltration and subversion and forestall the disaster of a nuclear war. Such ideas have come about because the wicked purpose of the Chinese Communists in conducting an atomic test at any cost has been fully realized. In their attempt to communize the world, the Chinese Communists are prepared to destroy more than half of mankind. Under such circumstances it must be clear to everyone that if we fail to take action, there would ensue a situation in which no force not even retaliation with nuclear arms, would be able to stop mass massacres."

The Chinese Communists Are at the point of exercising blackmail against all mankind. They have already told us that in less than a decade the free world, and particularly the United States, will be looking down the barrel of their atomic cannon and that the loss of lives is meaningless. If we believe them, and why shouldn't we, are we going to wait until that day and then attempt to compromise the situation?

Remember The "Leashing" and "Unleashing" of the forces of Chiang Kai-shek on Formosa back in the Eisenhower and John Foster Dulles days? Maybe this is "unleashing" time for these forces against Red China's nuclear installation.

It Is Not Missile Rattling to ask for consideration of making it possible for the Nationalist Free Chinese to make one conventional bombing attack on Red China's reactor. Its exact location is known. Not only would it prevent the irresponsible ownership of nuclear devices by the Chinese Communists, but would be a clear and unmistakable warning to others who are in various stages of developing their own.

## Neinda Philosopher Takes A Look At the Latest Viet Nam Situation, But Sees Very Little

Editor note: The Neinda Philosopher on his Johnson grass farm on Route 1 takes another look at Viet Nam this week. Anything to get the spotlight off his farm.

Dear editor: I would like some information.

According to an article I read in a newspaper this morning, and I hope you will answer quick as the situation may be totally changed by tomorrow morning. Gen. Khanh has been removed as head of the South Viet Nam military forces in what the newspaper call a coup and the television announcers call a coo and is being sent to New

York as a United Nations observer.

What I would like to is, is this a reward or a punishment? I had thought that the United Nations was supposed to be watching what went on in Viet Nam, both North and South, but what they have been seeing is hard to understand. You reckon the South Vietnamese, having been unable at ground level to understand themselves what they're doing, figured the view would be better from New York?

Or do you figure Gen. Khanh was getting bored with the limited confusion in Viet Nam and figured he could get a broader taste of it

in the United Nations? Like going from a sideshow to the main tent?

I'll admit I don't know a thing about what's going on in Viet Nam, but I don't want this to leak out as Washington might want to send me over there as an observer. I've got all the confusion I can handle at home.

And speaking of the United Nations, as I understand it, the U. N. has a rule that if any country is behind two years in its dues, it loses its membership, but is afraid to vote on whether this rule is still in effect on the grounds that if it does, there won't be enough major powers left in

the outfit to operate it. This is like a hard-pressed bank declining to call in its past-due loans on the grounds it would alienate its customers.

Its possible that after Gen. Khanh observes the United Nations a while, he may go home and announce all this earth's countries got problems. Yours faithfully, J. A.

Bob Craig, editor and publisher of the Hamlin Herald, attended the annual Mechanical Conference of the Texas Press Association held this weekend in Huntsville. He was accompanied by Doyle Combs, editor and publisher of the Strawn Reporter, a former Hamlin resident. The conference included sessions showing the latest techniques in printing and production.
